Subject: Salary Ordinance rate correction

On July 11, 2002, the Finance Committee approved a report (File Number 000988) regarding the Agreement between the City and the International Association of Machinists and Aerospace Workers, District No. 10, AFL-CIO, for 2001-2002. The general wage increases for 2001-2002 were included in File #020256 (approved by the Common Council on July 16, 2002).

In the report to the Finance Committee, the 2002 maximum salary (6th step) of Pay Range 726 was inadvertently listed as \$1,422.99. The correct rate is \$1,442.99. In order to reflect the correct rates, the following Salary Ordinance amendment is needed effective Pay Period 1, 2002 (December 23, 2001):

Under Pay Range 726, delete the sixth step biweekly rate of \$1,422.99 and substitute the rate \$1,442.99.
