CITY OF MILWAUKEE
2009 DEC 21 PM 2:24
RONALD D. LEONARDI
CITY CLERK

Dear City Clerk:

I would like to file a claim against the City for city drain problems. I have enclosed the original instruction form for filing a claim against the City of Milwaukee. This letter is to complain about services received from Milwaukee Water Department.

On September 20, 2009 at 5:30 pm, I called Milwaukee Water Works to report the flooding waters rampantly coming into my basement, and the representative transferred me to the emergency on-call dispatcher for future assist. When the emergency dispatcher answered the call, he told me it would be take about 15 minutes for a call back to address the problem. However, that did not happen, 15 minutes passed, and another 15 minutes passed, I called again. He told me that a crew was coming out, but they were coming from fare south and it will be sometime. Moreover, I was quite frustrated because I could not keep up with the never-ending water flowing into the basement; I called a neighbor to take photos while I continued to bail water out of the basement.

Please see the following information requested for submission:

Incident Occurred at: 4753 N. 19th Place, Milwaukee, WI 53209
Date Occurred: September 20, 2009
Time Occurred: 5:30 PM
Relief Sought: \$7,500.00/ 22 Photos included(kept duplicate copies)
Claimant Phone Number: 414-510-1556 or 414-357-6863

Please see chart on page 2 with Items and Two Itemized estimates requested for documentation.

Around 8:30pm, a female crewmember came to the door informing us that the City was a fault for the flooding that occurred and gave me a form instructing me to complete a letter explaining the problem and attach all necessary documentation.

I expected a much higher level of service from your company, and I hope problems such as these will not happen again, for the sake of others including myself. I would hate anyone to experience what I experienced that night.

Sincerely,

Theresa Payton-Myrick

INSTRUCTIONS FOR FILING A CLAIM AGAINST THE CITY OF MILWAUKEE

To file a claim against the City, a claimant must comply with Section 893.80(1), Wis. Stats., a copy of which is printed on the reverse side of this instruction sheet. Generally, the statute requires the claimant to submit to the City Clerk:

2. A document stating the address of the claimant and a statement of the relief sought. If money damages are sought, a specific sum must be stated.

(The above information may be combined in a single document.)

The following information should also be submitted to allow the City to promptly act on your claim:

1. Proof of the amount of the claim by means of either itemized receipts or two itemized estimates.
2. A phone number where the claimant can be reached during business hours.
3. As detailed a description of the incident as possible, including the date, time and place.

All information should be submitted to:

ATTN: CLAIMS
200 E. Wells St., Room 205
Milwaukee, WI 53202-3567

ADDITIONAL INFORMATION

Before you can file a lawsuit against the City of Milwaukee for reimbursement, State law requires that you first follow the claim procedures established by the City Clerk.

Filing a claim against the City does not automatically guarantee reimbursement from the City. However, the City examines each claim on an individual basis in determining if reimbursement is legally required.

In order to obtain reimbursement for a claim against the City, you must prove that the City or its employees acted unlawfully or negligently.

Only the City Attorney or the Common Council and the Mayor can authorize payment of a claim against the City. Any other representations made by City employees are not legally binding on the City.

Description

Phillips gripSTIK Vinyl L-Tear Strip provides a clean line at a variety of wallboard intersections. The tear off strip provides a protective edge and a guide for drywall finishing knives. Once joint compound is applied, finished and painted, the tear off strip is removed to form a clean, crisp edge. Its deeply knurled mud anchors, many perforations, and specially textured surface provides superior paint and joint compound adhesion. This easy to install trim can be nailed, stapled or installed with gripSTIK 947 high tack spray adhesive. This product is available to purchase through the website in 8' lengths. Other lengths may be available at your local Home Depot store.
