Subject: Proposed Data center at Capitol Court

To whom it may concern:

As a long term resident, who owns two properties in close proximity of this proposal. I vote NO! for this plan. First, in my opinion, it's not one that is going to be beneficial to the residents in the area, i.e. little or no employment. Secondly, why not put a jobs training center at this location? i.e. (journeyman's trades, lawn service-mentorship, and how to, set up one's own business, etc.) and another reason, of which I can continue, on and on, is that, I will highly consider moving, if this data center, is placed in this area, which is close to where I reside-NO! Thank you!

Sincerely,

Ms.AL'Lean M. Davis, M.Ed.
