An ordinance relating to the maximum permitted height of new non-industrial buildings in the industrial-mixed (IM) zoning district.

..Sections

295-805-2 (table) am

..Analysis

This ordinance provides that the maximum permitted height of a newly-constructed non-industrial building (other than a single- or 2-family dwelling) on a parcel in the industrial-mixed (IM) zoning district that is within 100 feet of a residentially-zoned parcel is the maximum permitted height of the abutting residential zoning district. Currently, the maximum permitted height is the maximum permitted height for the LB3 local business zoning district.
