To the Public Works Committee

Subject: Common Council Resolution File Numbers 070540

Dear Honorable Members:

Returned herewith is Common Council Resolution File Number 070540, being an amendment to a special privilege for change of ownership of two excess door swings encroaching in the public right-of-way that were previously granted permission for the premises at 2933-57 North Dr. Martin Luther King, Jr. Drive. The attached resolution also grants permission for a security camera to encroach into the public right-of-way.

Opportunities Industrialization Center requested permission to construct and maintain two excess door swings projecting into the west, 12-foot wide sidewalk area of North Martin L. King Jr. Drive. Permission for said door swings was granted in 1997 under Common Council Resolution File Number 970801.

A site visit revealed the presence of a security camera in an enclosure projecting into the 12-foot wide sidewalk area of North Martin L. King Jr. Drive at an approximate elevation of 20 feet above the adjacent sidewalk grade. The camera enclosure is spherical with a diameter of approximately 2 feet and projects a total of 3 feet into the public right-of-way.

We are not aware that the presence of said items has had or will have an adverse effect on the general use of the public right-of-way. We have, therefore, prepared the attached special privilege resolutions, which, if adopted, will amend the ownership of the above special privileges and will formally allow said items to continue to occupy the public right-of-way.

Very truly yours,

Jeffrey S. Polenske, P.E.
