UPON CONDITION

1. *That said Facilities shall be maintained and kept in good order and condition by the City.*
2. *That in and during whatever construction, reconstruction, enlargement or repair work is or becomes necessary in constructing and/or maintaining of said Facilities, so much of the surface or subsurface of the property as may be disturbed, will at the expense of the City be replaced in substantially the same condition as it was prior to such disturbance; except that the City will in no case be responsible for replacing or paying for replacing any aesthetic plantings or improvements other than ordinary lawns or standard walks, roadways, driveways and parking lot surfacing which were required to be removed in the course of doing the above work. However, the City shall save harmless the Grantor from any loss, damage, injury or liability resulting from negligence on the part of the City in connection with said work involved in constructing and/or maintaining of said Facilities; provided that if above loss, damage, injury or liability results from the joint negligence of parties hereto, then the liability therefore shall be borne by them in proportion to their respective degree of negligence; provided further, however, that these provisions are subject to the legal defenses which under law the City is entitled to raise.*
3. *That no structure may be placed within the limits of the easement by the Grantor except that improvements such as walks, pavements for driveways and parking lot surfacing may be constructed.*

6. *All conditions pertaining to the "Maintenance of Water Service Piping" as set forth in Chapter 3.3.0 of the "Rules and Regulations Governing Water Service" dated 1985 and subsequent amendments thereto shall apply to all water services which are within the easement defined limits and also within the limits of any adjoining easements; except that the City of Milwaukee Water Works, a utility owned by the City of Milwaukee shall in no case be responsible for maintaining at its expense any portion of said water services outside of the easement defined limits and outside the limits of any adjoining easements regardless of any statement to the contrary in said "Rules and Regulations Governing Water Service".*
