CITY CLERK'S OFFICE

The hearings was without my being able to face my accusers - which is a basic Fundamental right of citizens of this country

13TH DIST ALDENMAN WILKINSKI was in forged in a 45 minute talk with his friend and supporter

Dawn Brown general manager of Lamers bus Lines on the 9TH that I was hospitalized for days and go to ill.

I myself informed the ^{Town} License specialist of my hospitalization and asked to be heard at the next hearing date.

5 neighbors and the Alderman defamed with out my being able to defend myself or bring in the 10 neighbors in favor of my business and requests -

or present the 800 signatures of Milwaukeeans who want me to have bonds, etc.

or find out how many of the 800 you want me to bring in.

I have proofs that I am being singled out by the Alderman for negative biased treatment

on signage - general harassment and
unproven taped suicide comments
ETC. ETC.

The hearing was a kangaroo court without
the defendant present due to illness.

A decision was made to suspend for 30 days
stated in writing to start August 1st.

The police shut me down on Friday
July 13th saying I was already suspended
sent by Alderman Wisniewski.

Tell me that is not Flagrant harassment
and wrong doing

I am requesting a new hearing I am present at
