To the Public Works Committee

Subject: Common Council Resolution File Number 060374

Dear Honorable Members:

Returned herewith is Common Council Resolution File 060374, being a petition from Max Gendelman Enterprises, LLC requesting a special privilege to construct and maintain a concrete platform and excess door swing for the premises at 4732 West Woolworth Avenue.

Elisha Brown, the contractor who constructed the concrete platform, made the initial special privilege petition; however, the attached special privilege is to be granted to Max Gendelman Enterprises, LLC, the property owner of record. The concrete platform and excess door swing are centered approximately 454 feet west of the westline of North 46th Street. The 7-foot long platform projects 1-foot 1-inch into the 11-foot wide north sidewalk area of West Woolworth Avenue. The excess door swing projects 1-foot 10 inches into the public way over the aforementioned platform, which is in excess of the 12 inches allowed under Section 245-4-8 of the Milwaukee Code of Ordinances.

We are not aware that the presence of said items will have an adverse effect on the general use of the public right-of-way. We have, therefore, prepared the attached special privilege resolution, which, if adopted, will allow said items to occupy the public right-of-way.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

Jeffrey J. Mantes
Commissioner of Public Works

Martin G. Collins
Commissioner
Department of Neighborhood Services

MDL:lja
Attachment.

c: Alderman Ashanti Hamilton
