REMOVE YIELD SIGNS AND
INSTALL STOP SIGNS ON
WEST NASH STREET AT NORTH 37TH STREET

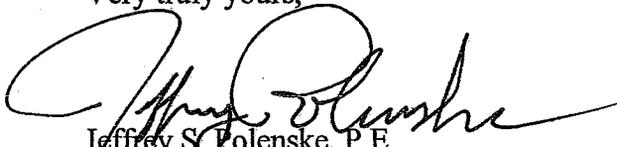

Dear Alderswoman Cameron:

This is in response to your request to install the above-captioned traffic control restriction.

Our traffic engineering staff has investigated this request and found that the crash data received from the Milwaukee Police Department revealed an increase in crashes at this intersection. Our inspection of the intersection showed that approaching motorists must reduce their vehicle speed to enter the intersection safely. We, therefore, concur that the present Yield signs appear to be no longer effective, and will recommend the installation of Stop signs.

We will prepare the necessary legislation for the next Public Safety Committee meeting, so that you may support it to final passage.

Very truly yours,

Jeffrey S. Polenske, P.E.

INSTALL STOP SIGNS ON
WEST WILBUR AVENUE AND SOUTH 23RD STREET

Dear Alderman Pawlinski:

This is in response to a request on behalf of Ms. Cindy Mlinar to install the above-captioned traffic control restriction.

Our traffic engineering staff has investigated this request and found that the Milwaukee Police Department records show that three crashes were reported in less than five months. Our inspection revealed that a sight obstruction on the northeast corner reduces the available safe approach speed. We, therefore, in the interest of public safety, recommend the installation of Stop signs on West Wilbur Avenue and South 23rd Street.

We will prepare the necessary legislation for the next Public Safety Committee meeting, so that you may support it to final passage.
