Subject: Temporary Historic Designation of 1418 S. Layton Blvd.

We just learned that Notre Dame Middle School wants to tear down this historic building. We are saddened to hear this. In the past years there have been a number of buildings that either non profits or for profits have wanted to demolish on the Boulevard for their own needs at the time; a drive through for the bank, a parking lot for a church and now a bigger playground for a school. This is a fine building of unique design that has stood for many years. Unfortunately, many schools and churches and businesses on Historic Layton Boulevard have come and gone. Each new owner has different needs.

This amazing building could bring in tax revenue again if the current residents decide to sell or move elsewhere in the future. Please don't turn this lovely unique Boulevard into an area of torn down buildings. Many a neighborhood has seen further decline when this happens.

Sincerely  
Mark and Carol Thompto  
2155 S Layton Blvd
