Alderman Brower –

Good afternoon. We will have a representative from the Company attend the hearing this Thursday at 9:00 am as requested.

We are still working to determine who will be attending considering the amount of time of between our receipt of your email from Friday afternoon and the hearing on Wednesday morning.

Please note that I have also added Jennifer Bognar, our Director of Local Affairs, to the email distribution list because she is working on coordinating with our team internally.

Kind Regards,
Rich

Dear Brendan Conway, Richard Stasik, and Moira Fitzgerald,

I am writing to formally request that representatives from We Energies attend the Wednesday, July 22 meeting of the Public Works Committee, which will take place at Milwaukee City Hall, 200 E Wells Street, room 301B at 9:00 am.

I have introduced a communication file - file number 260484 - that seeks *communication from We Energies and other agencies relating to the rate cases current before the State of Wisconsin Public Service Commission as well as the impact of the recent proliferation of data centers.*

When this item is called at the Public Works Committee meeting, We Energies representatives will be given an opportunity to present on the current rate case and data centers, and answer questions from members of the Public Works Committee, as well as other members of the Common Council who may attend as well.

We would hope you get a chance to attend. As members of the Common Council, we represent tens of thousands of rate payers who have many questions, comments, and concerns about the current rate case and data centers.

If you wish, you can send materials for you presentation - or other background materials - to City Clerk Jim Owczarski (cc'ed here) for inclusion in the file of information that will be available to members of the Common Council and the public during and after the agenda item at Public Works.

We are looking forward to a productive conversation.

In Solidarity,

Alex Brower | He/Him/His
