The applicant said that this is the first time that he is hearing about all these issues with neighbors and that he wants to work with the neighbors.

Ald. Bauman said that 100% of the noise during the weekends comes from the gas station and that the congregation is evident during the weekends and that he does not have complaints during the week. He added that this is not acceptable, that he is not supporting the renewal of the extended hours for Fri and Sat because it will be clear if these congregations are trespassing if the business is closed. Ald. Bauman asked that this business close at 12am on Fri and Sat.

Ald. Brostoff said that this is a good agreement because he is going to continue to operate his business in the proper way as he does and to avoid those congregations that are hurting his business and the neighborhood.

The applicant declined to amend the hours of operations during the weekend.

Mr. Cooney was asked what are the options for the committee since the applicant is not willing to amend the hours of operation. He responded that the options are renewal or nonrenewal.

Ald. Brostoff moved renewal of the Filling Station, Food Dealer and Weights & Measures licenses and nonrenewal of the Extended Hours Establishments based upon the preponderance of the evidence in the police report and neighborhood testimony that demonstrates the operation results in a threat to health, safety or welfare of the public for the loud noise at times when the licensed premises is open for business.
