REDACTED RECORD

City Clerk -
License Division
City Hall Room 105
200 E. Wells Street
Milwaukee, WI 53202

To whom it may concern,

We are writing this letter to formally object to the renewal of the liquor license Villa Filomena (1119 N Marshall Street). My name is [REDACTED] and my wife [REDACTED] and I live at [REDACTED], in Milwaukee.

In 2019, we appeared and testified at the Villa Filomena's renewal hearing. We did not appear in 2020 due to the impact of and issues surrounding COVID-19. In 2019, the license was issued based on the understanding the Villa Filomena personnel would work with us to take certain actions to alleviate the problem as described in the attached amendment to their operating plan (the "Amendment").

Although they have complied with the most minor elements of that agreement, many of the major items have not been addressed. Most importantly, we regularly need to contact them multiple times in order to get a reduction in volume, and often there is not a discernable reduction in volume until they shut down for the evening.

- **September 14, 2019.** We requested that the music be turned down. Music was not turned down until 10 pm. It may have been turned down temporarily, but then it was turned back up.
- **February 2, 2020.** We needed to request that the volume be turned down. It was eventually turned down, but not long before the event ended.
- **March 13, 2020.** We needed to request that the volume be turned down. It was eventually turned down, but not long before the event ended.
- **August 9, 2020.** Another loud event. We requested that the sound be turned down. The volume was not reduced until about an hour and a half later.

REDACTED RECORD

- **August 29, 2020.** There was a very loud outdoor event. We witnessed (and have pictures of) the patio doors being open in violation of the Amendment. We have made a video of what we could hear. As you will see and hear, the music combined with everyone talking over the music, makes the quiet enjoyment of our house nearly impossible. Please click here (https://www.dropbox.com/s/fyvbzcmayixnckr/20200829_172038.mp4?dl=0) to view the video. In addition, please note that the music was amplified in violation of their 2020 plan of operation.
- **September 19, 2020.** Another loud event. We requested that it be turned down. Mr. Sanfilippo can down to the venue and we discussed the noise. He was in the alley behind the venue and I was on our balcony above the roofline. He indicated that he did not think it was that bad. I observed that he was next to a brick wall, where we above the roofline and could clearly hear the music inside out unit. He reacted with frustration indicating that he did not think it was that bad. I disagreed. The discussion was cordial, but we did not agree on an appropriate noise level for a residential neighborhood.
- **May 28, 2021.** A very loud event was held. We could hear the music clearly, including the lyrics.

The basic requirements that Villa Filomena agreed to (including one listed in their 2020 application) were that (1) outdoor music must end at 6:00 p.m., (2) windows and doors shall be closed while music is being played, (3) Villa Filomena must be responsive to neighbor complaints, (4) indoor music must be turned down at 10:00 p.m. and end at 11:00 p.m., (5) no amplified music will be played outside. These are addressed above.

In addition, Villa Filomena had agreed, as a condition of the withdrawal of our objection, to a list of other changes. The following is a shortened summary of what Villa Filomena agreed to and our opinion regarding their compliance with these requirements:

- **Regularly provide a list of future events.** Compliance with this has been acceptable. We appreciate receiving the list of events because we feel the need to plan our time away from our house around the timing of their events.
- **A sound engineer was to be retained by Villa Filomena.** To the best of our knowledge they have not retained a sound engineer. They did retain a contractor who added plexiglass to certain windows that do not face our unit, but that is far from retaining a sound engineer. In an effort to assist, we reached out to, but never heard back from a sound engineer, but we understand that Villa Filomena had agreed to do this and pay the bill. As far as we know, they have not done so.
- **Implement the sound engineer's recommendations to reduce the noise level.** See above.
- **Make the sound engineer's recommendations available, including a maximum internal Decibel level that can be monitored from within the venue.** See above.

REDACTED RECORD

- **The sound engineer was to supply Villa Filomena with the ability to monitor the internal Decibel level restriction and the restrictions were to be certified by the sound engineer able to prevent Vila Filomena's operation from interfering with the neighbors' quiet enjoyment of their property. See above.**
- **Neighbors were to be allowed to review the readings on the Decibel level monitor including during events. See above.**
- **A private security firm was to be retained by Villa Filomena to ensure that Villa Filomena complies with the plan of operation. The private security firm will be available during all events. Although this appeared to be the case for the first couple of months after the Amendment, we have not seen any evidence that this is being done.**
- **The sound engineer's recommendation for noise level reduction, including the internal Decibel restriction described above, must be met with respect to live music as well as any other type of music, speech or entertainment. See above.**
- **Tony Sanfilippo and the private security firm's cell phone number will be provided to the neighbors for an immediate response to noise issues, restrictions and the plan of operation for Villa Filomena. Although we do have access to Tony and Janice Sanfilippo's numbers, they are generally not at the events. When we call or text them, they will sometimes come down to the venue, but the fact that we do not have access to the number of someone at the events generally slows the response time down considerably.**
- **The restrictions, including the internal Decibel restrictions, will be included in every contract that Villa Filomena enters into including without limitation contracts with persons using the facility and vendors (including subcontractors to the same). We have seen one email that suggests some of these restrictions are being repeated in a contract, but since we are not aware of a decibel level restriction having been provided, we know that they are not compliant with this requirement.**

Finally, as a reminder, Villa Filomena has a history of noise complaints. According to police records, the police have received 16 noise compliant calls prior to June of 2018 (including our own calls). We expect that there have not been as many complaints during the COVID-19 period, but based on what we have experienced, we are very concerned about a return to past practices.

Since the Villa Filomena is surrounded entirely by residential properties, we believe that they should be held to a high standard with respect to appropriate noise levels. More importantly, they have demonstrated an inability to adhere to the additional limitations imposed on them by the Licenses Committee. For those reasons, we oppose the renewal of any and all of their licenses.

Thank you for your assistance and consideration.
