(4) An individual or group that is pursuing a contract with an entity under s. 118.40 (2r) (b) or the director under s. 118.40 (2x) to operate a school as a charter school.

I am sending this letter of interest in regard to the above listed property. I am currently a teacher with Milwaukee Public Schools and I have a daycare that I am looking to expand into a head start program (currently in the application process). In addition, I am working with MPS to acquire a partnership grant that would allow me to do additional educational based projects with MPS students. I would love the opportunity to view this property to see if this physical space will allow us to advance our educational objectives. Please contact me via email and/or phone at your earliest convenience to schedule a viewing of this property.

Thank you,

Joseph Clayton
