

Reply to Common Council File No. 040417

From DOA-Budget and Management Division

July 19, 2004

Ref: 04030

Common Council File 040417 is a resolution relative to the application, acceptance, and funding of a grant for digital cadastral mapping.

File 040417 amends File 030337, adopted on July 1, 2003. File 030337 authorized the Department of Administration-Information and Technology Management Division to apply for, accept and fund a grant for digital cadastral mapping in the amount of \$200,368. File 040417 amends the grant amount to \$633,747 and directs that a footnote be added to the 2005 Positions Ordinance to indicate partial grant funding for positions working on this project.

The cadastral maps, which show recording property boundaries, subdivision lines, taxkeys, lot numbers and other related details do not meet National Map Accuracy standards. The purpose of this grant is to complete the update and correction of digital cadastral maps for all areas within the City of Milwaukee.

The State of Wisconsin Land Information Board funds this grant. The grant period is from January 1, 2004 through June 30, 2005.

RECOMMENDATION: APPROVE COMMON COUNCIL FILE 040417.
