on April 17, 2025 I Brenda Burton was in my living room doing homework. I got a phone call from my elderly next door neighbor at approximately 5:24 pm. She stated to me you need to come out and check on your car. She followed by telling me a bunch of heavy parts of a big tree had fallen on my car. When I went outside there were pieces on top of my car, pieces that were leaning from the top, and pieces that had bounced off my car to the sidewalk. I immediately noticed the damages! I am requesting at least \$8,000 to get the damages fixed. I would like the money sent to me so that I can choose the most available shop to fix it. I have included two estimates as you all stated. I also have pictures and so does the two shops I went to for estimates. Thx
