

# 2010 Proposed Executive Budget

Tom Barrett, Mayor

## **Summary**

The 2010 proposed budget reflects the first step in what will be a series of transformations in city services and finances. Although the budget includes several important steps toward fiscal equilibrium, there is a need for significantly more change in order to develop a realistic sustainability framework. Those changes will need to involve revenue diversification, fringe benefit modifications, ongoing wage freezes, and additional service delivery innovations. Policymakers need to embrace the city's fiscal crisis as an opportunity for changing the city's organizational model.

### **Informational Note:**

At the time the 2010 Executive Budget was submitted, the Common Council had not acted on a proposed \$3.75 million increase for the Local Solid Waste Charge and \$1.6 million Snow and Ice Fee. The Comptroller has recognized this proposed increase as part of the 2010 revenue estimates. In the event the Common Council fails to adopt, in whole or in part, the proposed increases, the Mayor will recommend that certain service levels be reduced. In order of priority reduction, these service levels include:

- Funding for three weekend garbage collections, in order to ensure users weekly service: \$250,000
- Elimination of the new four week fall "Clean & Green" communitywide collection of bulky materials: \$170,000
- Elimination of two recycling bin routes with relatively low tonnage rates: \$150,000
- Elimination of the 4-cubic yard "outside the cart" allowance for weekly collection, effective April 1, 2010 instead of June 1, 2010 as proposed: \$425,000
- Elimination of the existing eight week spring "Clean & Green" communitywide collection of bulky materials: \$340,000
- Reduction of existing garbage collection frequency from its current service level during four winter months: \$560,000 (10 winter routes eliminated)
- Reduction of existing garbage collection frequency from its current service level in the remaining eight months: \$1,890,000 (10 routes eliminated full year)
- \$1.6 million in snow and ice control related services.

In the absence of amendments, these costs would fall to the tax levy.

The Mayor supports his proposed budget for solid waste service expenditures and the increase in the Solid Waste Charge as the appropriate budgetary action.

- (1) Reauthorization of Prior Unused Borrowing Authority:  
It is the intent of such reauthorization to expressly authorize the issuance and sale of such obligations (either bonds or notes) as set forth in this borrowing section of the budget, for the purposes and amounts enumerated herein. Such carryover borrowing (reauthorization of prior unused borrowing authority) is also reflected in the capital budget for informational purposes but such amounts are excluded from the capital budget totals to avoid duplication.
- (2) Bond authorizations included and approved by the Common Council in the preceding municipal budget and further approved by the adoption of a resolution of intent are herein continued and are deemed to be with the same force and effect as though they had been specifically enumerated, both as to purpose and amount in this municipal budget.
- (3) The purpose of this borrowing is to provide funds in connection with projects undertaken by the city with federal or other financial assistance. Expenditures shall be made only after adoption of a Common Council resolution adopted in accordance with Common Council Resolution File 66-1893 as amended.
- (A) Design plans for any alteration to building exteriors and interiors shall be reviewed and approved by the city.

### **III. CLARIFICATION OF INTENT**

#### **Employee Fringe Benefits**

Employee fringe benefit costs are allocated to operating and capital budgets on an estimated basis for informational purposes only. Such estimated expenditures are 100% appropriation offset for operating budgets and 100% revenue offset for the capital budget to avoid any impact on the city's tax levy. Actual fringe benefit costs, such as health care benefits, life insurance, and pensions, are budgeted separately in non-departmental accounts, which are funded from the property tax levy.

The amount included in each departmental (or budgetary control unit) operating budget on the line entitled "Estimated Employee Fringe Benefits" is subject to adjustment by unilateral action of the City Comptroller, during the budget year, if the actual rate charged against salaries paid is at variance with the estimated rate used in calculating the budgeted amount.

#### **Departmental Salary Appropriations**

Department net salary and wage appropriations reflect current wage rates and expenditures and are limited to these amounts. Funding of future salary increases from the Wages Supplement Fund will be restricted to wage settlements only. These transfers must be pre-approved by the Budget and Management Director.

#### **Footnotes**

Section 18-06-12 of the Milwaukee City Charter states that the adoption of the budget shall be the authority for the expenditure by a department for the purposes therein provided and of the amounts assigned to the department thereby and no further action by the Common Council shall be necessary to authorize any department to make such expenditures. The City Attorney has advised that footnotes contained in the line item budget are informational only and not controlling over expenditures unless a corresponding resolution specifying the footnote's intent is also adopted by the Common Council.
