Subject: Milwaukee's Climate and Equity Plan

Dear Members of the Common Council and Mr. Mayor,

My name is Marcus Cousin. I grew up in Lansing, Michigan but have lived in the Milwaukee, WI area for the past 10+ years. I am an engineer working at GE HealthCare.

I am writing to support adoption of Milwaukee's Climate and Equity Plan as part of the City's Comprehensive Plan.

As a Black member of the Wisconsin community, I know systemic racism deeply affects People of Color in many different aspects of life. Milwaukee is a model for other communities in the region, and I would love Milwaukee to have a plan to improve equity! It's smart how the Climate and Equity plan creates jobs, helps marginalized communities, AND implements climate solutions at the same time. Unfortunately climate change and pollution disproportionately affect People of Color.

I ask members of the Common Council to approve the Milwaukee Climate and Equity Plan.

Please forward my message to members of the Milwaukee Common Council. Thank you for taking my comment.

Sincerely,
Marcus
