Re:3202-3202A S. Delaware

Attention: Claims
Complaint # 232515

I am an Inspector in the PWD and understand that procedures will need to be followed, I will do what ever is needed to resolve this mater.

The first time I came in for a permit I was told not to pay and take it out then, because the inspector said I needed to measure the set back from front lot line and get my neighbors set backs to compare, so I did as I was told.

The next time I spoke With Steve Fritsche who assured me I did not need to worry about the set back and said this was a mistake on their part and no re-inspection fees would be charged to me.

He told me to get a permit for \$35 and the large sums charged for reinspection will be removed. They were not removed.

When I spoke to Steve Fritsche he said he would not contest my appeal.

Please let me know what my next step is in order to get the \$575 I have all ready paid to the City Treasures office.

I appreciate your understanding and if I can further explain any unclear information please do not hesitate to contact me at (414)-313-4562 this is my personal cell phone number.

sincerely yours,
Brad Hoernke DPW
