

February 5, 2003

Mr. Tony Zielinski
Common Council Administration Manager
City Clerk's Office
City Hall, Room 205

Dear Mr. Zielinski:

The Health Department is submitting the following grant resolutions for Common Council approval:

2003 Consolidated Contract - This is a continuing grant funded by the State of Wisconsin Division of Health and Family Services. The contract includes six initiatives: Adolescent School Health, Cancer Control Coordination, Immunization Action Plan, Preventive Health, Lead Detection and Tobacco Control Grants. The specific purpose for each initiative is outlined in the attachment. Funding changes resulted in changes to the Positions Ordinance.

Lead Hazard Reduction Grant- This resolution amends Common Council File 001157, which approved the funding for this grant. Additional funding was received and the time of performance for the grant has been extended. The extension will fund lead hazard reduction in 693 low-income housing units located in the Lead Program's target area.

Refugee Screening Grant - This is continued funding from the State of Wisconsin Division of Economic Support. The grant funds will aid the City of Milwaukee Tuberculosis Control Clinic in providing outreach, screening and other public health services to refugees.

All appropriate paperwork is attached. Thank you for your consideration.

Sincerely,

Janet Nell
Administrative Specialist-Sr.
