SUBJECT: 13TH ALD. DIST. - FILE #210730
INSTALL STOP SIGNS ON WEST WANDA AVENUE
AT SOUTH HONEY CREEK DRIVE

Dear Alderman Spiker:

This is in response to your request on behalf of a local resident to install the above-captioned traffic control.

Our traffic engineering staff has investigated this request and found that sight obstruction exists on the northeast corner of the intersection in the form of a bush that would reduce the safe approach speed and thereby warrant the above-captioned control. We therefore, in the interest of public safety, recommend the installation of the stop control.

We will prepare the necessary legislation for the next Public Safety and Health Committee meeting, so that you may support it to final passage.

Sincerely,

Jerrel Kruschke, P.E.
City Engineer

INSTALL STOP SIGN ON SOUTH 2ND STREET
AT WEST WILBUR AVENUE

Dear Alderman Spiker:

This is in response to your request on behalf of a local resident to install the above-captioned traffic control.

Our traffic engineering staff has investigated this request and found that sight obstruction exists on the southwest corner of the intersection in the form of a pine tree that would reduce the safe approach speed and thereby warrant the above-captioned control. We therefore, in the interest of public safety, recommend the installation of the stop control.

We will prepare the necessary legislation for the next Public Safety and Health Committee meeting, so that you may support it to final passage.

REMOVE YIELD SIGN ON SOUTH 1ST STREET
AT WEST CRAWFORD AVENUE

Dear Alderman Spiker:

This is in response to your request on behalf of a local resident to install the above-captioned traffic control restriction.

Our traffic engineering staff has investigated this request and found that a sight obstruction exists on the southeast corner of the intersection in the form of bushes that would warrant the above-captioned change in the traffic control at the intersection. We therefore, in the interest of public safety, recommend the installation of the stop control.

We will prepare the necessary legislation for the next Public Safety and Health Committee meeting, so that you may support it to final passage.

INSTALL YIELD SIGNS ON NORTH 91ST STREET
AT WEST CONCORDIA AVENUE

Dear Alderwoman Dodd:

This is in response to your request on behalf of a local resident to install the above-captioned traffic control restriction.

Our traffic engineering staff has investigated this request and found that the accident data received from the Milwaukee Police Department revealed an increase in accidents that warrant the installation of the above-captioned control. We therefore, in the interest of public safety, recommend the installation of the yield control.

We will prepare the necessary legislation for the next Public Safety and Health Committee meeting, so that you may support it to final passage.
