To Whom It May Concern:

This letter is being written in regard to the supervision adjustment of Billy D. Hill who is currently on parole supervision with the State of Wisconsin Department of Corrections as an Interstate Compact case from Texas. To date, Mr. Hill has been compliant with the terms and conditions of his supervision and has been cooperative with all requests made by the Department of Corrections. Mr. Hill has not been involved in any illegal activities while under the jurisdiction of the Department and has not served any time in custody as a result of any inappropriate or criminal behavior. He appears to be doing well on supervision and should have no problems reaching a successful discharge from supervision. If you have any additional questions or concerns regarding Mr. Hill or his supervision, please feel free to contact me at (414) 229-0650.

Respectfully,

A handwritten signature in cursive script that reads 'Jaime Treutelaar'.
