Dear Milwaukee Common Council Members :

It's my honor to recommend LaNelle Ramey to be confirmed in his appointment to Milwaukee's Fire and Police Commission. I've had the pleasure of working with LaNelle in the city of Milwaukee for over 6 years and have seen firsthand his passion for this community and drive to positively affect outcomes for all community members.

In his capacity as a leader at Boys & Girls Clubs, Milwaukee Public Schools, and now MENTOR Greater Milwaukee, LaNelle has brought countless youth, youth programmers, corporate leaders, and community members to the table to address complex issues in our community. Whether it be addressing Black and Latino male academic achievement or closing the youth mentoring gap, LaNelle has always led by first listening to those affected before acting. LaNelle knows Milwaukee and has seen firsthand the issues that face youth and families in this community.

I believe LaNelle's collaborative, selfless, and outcome-driven ethos brings invaluable experience to the Commission as they tackle complex public safety issues and he has my highest recommendation to join this esteemed group.

Please feel free to contact me if you have questions regarding LaNelle's past work or our experience together.

Sincerely,

Jack Snow
