

On April 9 2004 I Angela McKinnie  
 was Battered by a group of Boys & Girls  
 on 41<sup>st</sup> Street I was  
 hit kicked and pushed all over the  
 yard. When my friend came out the  
 house he broke it up, picked me  
 up and put me in the car and  
~~took~~ dropped me off at my house.  
 My mother & Aunt Arrived at my  
 house & the police I was in my  
 room when they woke me. My  
 eye was swollen shut & I really  
 couldn't see, but while I was  
 trying to tell the police officer  
 what happen he told me that  
 there was nothing he could do  
 because I never should have  
 left the scene of the crime. When  
 they left my mother took me  
 to the E.R. I had E-rays done  
 which I ~~had~~ couldn't really  
 understand what they were saying  
 what was wrong. Then I was sent  
 to an eye doctor he really  
 couldn't see so much at the time  
 because the eye was still swollen  
 I went back 2 more times but  
 my ~~I~~ eye was very sensitive to light

I had to make a ~~the~~ ~~the~~ 3<sup>rd</sup> appointment but I missed that one when I rescheduled the only one the had was 2 months away. So during this time I have started getting Double Vision so when I went to the doctor I was told I have had a orbit fracture that has made my right eye sink back into my head ~~so~~ a fracture bone to the right side of my nose so then the doctor sent me to the eye institution to see Dr. Harris he sent me for more X-rays. then I came back to see him a few days later he told me that I was going to need surgery (I will need 2 plates in my eye - one up under my eye and one along the side of my eye along the nose. then he sent me to go see Doctor <sup>Smith</sup> ~~Harris~~ who is ear nose & Throat Dr. who will also have to be there to fix the bone of the right side of my nose which all takes place on Oct 15. 2004 (Now the reason I didn't file right away because I didn't know

~~the~~ that my assault ~~was~~ damages were going to be to the point to where I would need reconstructive surgery or even end up with double vision. I also didn't know that <sup>there</sup> was a time limit to file, because if I had known of my damages were going to be so damaging I would have come in early.

I felt if the police had done there job I could be suing the person who actually done the damage
