

This document relates to the request for a change in zoning from Industrial Heavy (IH) to Industrial Mixed (IM) for 1236 West Pierce Street, on lands located on the northwest corner of South 12th Street and West Pierce Street, in the 12th Aldermanic District.

This zoning change was requested by 1236 West Pierce Street LLC, and will allow for an expanded list of uses to be permitted in the existing, multi-story building located at 1236 West Pierce Street. Blackhawk Antique currently occupies the first floor of the building and will remain. Substantial improvements have been made to the building over the past 12 years, and the applicant feels that the structure is structurally obsolete and functionally outdated for use as heavy industrial based on modern industrial standards and requirements, in part due to the multi-story nature of the building and low ceiling heights.

We support this change in zoning from Industrial Heavy (IH) to Industrial Mixed (IM) for 1236 West Pierce Street.
