Subject: Dover street

Hi, I am writing to ask you to please vote against the proposal for the apartment project on Dover Street. There is very poor parking in that area to begin with and the proposed idea would make the problem much worse. I have lived on Dover for over 35 years. In winter, the parking is even worse. It's not the safest area to begin with and adding more People to an already populated area with a lot of flats and back houses is a very poor idea. There are a fair share of older persons also and making them walk several blocks in the snow in winter is a bad idea. Thanks for your time. CHRIS SCHNEIDER
