Subject: St mark's apartment building

Some people who received this message don't often get email from elljawa@gmail.com. [Learn why this is important](#)

Hi

There is currently a plan for an apartment building on the east side near downer on land owned by St mark's church. I support this building. It will be a great addition to the neighborhood and will help the nearby businesses and help keep the neighborhood affordable. I am an east side Milwaukee resident and support this building

Thanks
