

Reply to Common Council File No. 041024
From DOA-Budget and Management Division

January 24, 2005

Ref: 05009

Common Council file #041024 is a resolution authorizing the use of \$50,000, from the 2004 Common Council Contingent Fund to install a Traffic Control Signal at the intersection at 35th and Hampton.

Infrastructure Services has conducted a warrant investigation, as required by state statutes when a request is made for the installation of a new traffic signal, to determine whether a traffic signal is warranted. This investigation determined that a traffic signal at this location was not warranted. However, Infrastructure Services has increased the number of traffic controls signs in the area.

Contingent funds, for 2004, have been fully committed to non-discretionary items.

**RECOMMENDATION: THE BUDGET OFFICE RECOMMENDS THAT
RESOLUTION #041024 BE PLACED ON FILE**
