RONALD D LEONHARDT   MUNICIPALITY OF MILWAUKEE
200 E WELLS ST RM #205   MUNICIPALITY CODE 40251
MILWAUKEE, WI 53202-3515

Dear Village or City Official:

1997 Wisconsin Act 237 exempted business computers from being subject to property taxes
beginning with the 1999 property tax levy, collected in 2000. It also provided for a state
aid payment to your taxation district to offset the loss of this taxable property. This
notice gives you the 2007 equalized value of tax exempt computers in your tax district that
are located within a Tax Incremental District (TID). You will receive exempt computer aid
from the state in 2008. Include this state aid payment along with the tax increment you
will generate in each TID as a revenue for that TID. BEGINNING WITH 2007 PAYMENTS, EXEMPT
COMPUTER AID IS NOW PAID ON THE 4TH MONDAY IN JULY INSTEAD OF THE 1 ST MONDAY IN MAY. If
you follow the steps below, your estimated aid will be the same as the amount calculated by
the Dept. of Revenue. If you have many TIDs, please check the back of this notice for data.

PROCEDURE TO CALCULATE EXEMPT COMPUTER AID:

Step 1: Finish your tax district's tax increment worksheet and determine the interim
rate in column C.

Step 2: Multiply the value of exempt computers in each TID by the corresponding interim
rate. If you do not have TIDs in more than one school district or special district then
you should only have one interim rate. If only one rate, it can be applied to all TIDs.

Step 3: The amount calculated for each TID should be included as a tax increment when you
determine if a TID has generated enough tax increment to equal the qualified expenses.
When you close a TID any excess tax increment that was generated must be distributed to
the other taxing jurisdictions. The excess amount will include the exempt computer aid.

If you have any questions about this notice, please call Keith Seeley at (608) 266-1110 or
Colleen Wasilewski at (608) 266-8618.

MUNICIPALITY MILWAUKEE
COUNTY OF WAUKESHA
COUNTY CODE 67
MUNICIPAL CODE 250

Dear Municipal Clerk:

1997 Wisconsin Act 237 exempted business computers from being subject to property taxes beginning with the 1999 property tax levy collected in 2000. It also provides for a state aid payment to your municipality to offset the loss of this taxable property. This notice gives you the 2007 equalized value of tax exempt computers in your municipality not in a TID and additional information you need to estimate how much state computer aid your taxation district will receive in 2008. You should then include this estimated state aid payment as a revenue in your 2008 budget to determine your required 2007 property tax levy. STARTING WITH 2007 PAYMENTS, EXEMPT COMPUTER AID IS NOW PAID ON THE 4TH MONDAY IN JULY INSTEAD OF THE 1ST MONDAY IN MAY. If you follow the steps below and on the back of this notice, your estimated aid will be the same as the amount calculated by the Department of Revenue.

REQUIRED INFORMATION:

2007 equalized value of exempt computers in your munc. (TID OUT) $ 7,300
2007 equalized value of your municipality (TID OUT) $ 19,051,500
2007 equalized value plus exempt computer value (TID OUT) $ 19,058,800

PROCEDURE TO CALCULATE EXEMPT COMPUTER AID:

Step 1: Finish your municipality's normal budget procedures and calculate a proposed property tax levy without consideration of any state exempt computer aid as a budget revenue.

Step 2: Divide this proposed property tax levy by the sum of your 2007 equalized value (TID OUT) plus your exempt computer value to calculate a mill rate. Please calculate this rate out to at least 8 decimal places.

Step 3: Multiply the rate from Step 2 by the value of your exempt computers. This is the estimated amount of your state exempt computer aid for your 2008 budget.

Step 4: Include this amount of computer aid as a revenue in your 2008 budget and recalculate your municipality's required property tax levy. Your required tax levy should equal the proposed levy from Step 1 above less your amount of estimated state aid for exempt computers.

If you have any questions about this notice, please call Keith Seeley at (608) 266-1110 or Colleen Wasilewski at (608) 266-8618.

Kenneth Schuck, Chief, Local Govt. Services Section

EXEMPT COMPUTER AID WORKSHEET

(Step 2)   Calculate the appropriate rate:

Your proposed property tax levy (before computer aid)   _____

2007 adjusted value = 2007 equalized value plus
                    exempt computer value. (TID OUT)   ____19,058,800

Rate. Divide tax levy by adjusted value.   _____

(Step 3)   Calculate amount of state aid for exempt computers:

Rate from step 2.   _____

Value of exempt computers from your Oct. 1, 2007 notice.   _____7,300
Computer aid. Multiply rate times value of exempt
                                        computers.   _____

(Step 4)   Calculate amount of property tax levy:

Your proposed tax levy (from step 2)   _____

Subtract computer aid (from step 3)   _____

Required property tax levy   _____
