To whom it may concern,

I strongly object to the development of a data center in Milwaukee!

It is appalling to ignore the needs of the neighborhood and instead give in to make yourselves richer through the destruction of a part of your constituency. Do not allow this monstrosity to make the lives of Black Milwaukeeans even more difficult and dangerous. People must always come before profit.

Milwaukee must stop prioritizing the needs of developers over the needs of the Northside. We need hospitals, roads, and housing with no strings attached attached! Stop the attack on Black Milwaukee.

In summation, very simply, WE DEMAND:

1. No Data Center and Self-Storage in Midtown
2. Moratorium on Data Center Development in Milwaukee!

People's needs over Corporate Greed!

Thank you,
Tracy Keller
