Dear Alderman Jim Witkowiak and fellow members of the Zoning Committee:

I am writing to voice my support and the support of my organization, AMS Fund (Archdiocese of Milwaukee Supporting Fund), for the pending building projects of Autumn West and Our Space.

AMS Fund is a grant-making organization and we have funded both organizations in the past. We did so not only because it is a cause of importance to us, but because they are two of the best-run organizations in this field. Staff members are not only compassionate but very smart in knowing how to deal with any issues that arise. They also have been great neighbors and built strong bonds with businesses and residents in the area, so that anyone would want to have them as a neighbor.

Everything I have ever seen them do, from hosting meetings to leading activities in their organization, is done with great heart and great responsibility. Our City is a far better city with them a part of it. They care for the wounded our Society has too often forgotten, and have done it with class and grace. I am a great admirer of both organizations and their committed wonderful administrators. I would trust my family member to them any day.

Thank you, Paula N. John
President
