AMENDMENT INTENT

The intent of this amendment is to restore funding sufficient to eliminate one mandatory furlough day for all employees.

OVERVIEW

1. The 2011 Proposed Budget includes implementation of 4 mandatory furlough days for city officials and employees other than the police and fire departments.
2. Proposed mandatory furlough days for 2011:

Monday, April 25, 2011
Friday, May 27, 2011
Friday, July 1, 2011
Friday, September 2, 2011

IMPACT

1. This amendment reduces the number of mandatory furlough days for city officials and employees other than fire and police departments proposed for 2011 from 4 to 3 days. The Monday, April 25, 2011, proposed furlough day would be eliminated through approval of this amendment.
2. An amendment to Common Council Resolution Number 100696 is necessary to implement this amendment intent.
3. The net impact of this amendment is on the 2011 Budget is \$+774,386, the tax levy impact is \$+774,386, resulting in a tax rate impact of \$+0.029 per \$1,000 assessed valuation.

AMENDMENT INTENT: Reduce Operating Expenditures in every city department by 1% except the City Clerk's Office, Office of the City Attorney, the City Comptroller, the Municipal Court and the City Treasurer, and excluding enterprise funds and the Employee Retirement System.

OVERVIEW

This amendment would reduce Operating Expenditures 1% across-the-board in the subject departments, though the individual departments will have full discretion as to how these cuts will be allocated among expenditure categories.

Proposed 2011 Budgets for Operating Expenditures for departments subject to this amendment and 1% of these Operating Expenses are as follows:

Department	Operating Expenditures	1% of Opr. Expenditures
Department of Administration	\$679,357	\$6,794

DEPARTMENT OF ADMINISTRATION, ASSESSOR'S OFFICE, CITY DEVELOPMENT, ELECTION COMMISSION, EMPLOYEE RELATIONS, FIRE AND POLICE COMMISSION, FIRE DEPARTMENT, HEALTH DEPARTMENT, LIBRARY, MAYOR'S OFFICE, NEIGHBORHOOD SERVICES, POLICE DEPARTMENT, DEPARTMENT OF PUBLIC WORKS, BOARD OF ZONING APPEALS

Reduce the category "operating expenditures" in every city department by 1% except for the City Clerk, City Attorney, City Comptroller, Municipal Court, and City Treasurer. This amendment as drafted also excludes enterprise funds and the Employee Retirement System. The reduction is shown from one or two operating expense accounts in each departmental division, but departments will have discretion in distributing the reduction to the appropriate operating accounts.

AMENDMENT INTENT: Consolidate the Department of City Development’s Marketing section and the Health Department’s Communications and Public Relations section into the City Clerk’s Public Information Division.

OVERVIEW

The following chart lists the 10 positions currently staffing the Marketing section for the Department of City Development (“DCD”), the Health Department’s Communications and Public Relations section and the City Clerk’s Public Information Division, the corresponding salary grade and the disposition of these positions per this amendment.

Positions by Department	GRADE	Amendment Disposition
DCD - Marketing Division		
Communication and Outreach Manager	9	Position Eliminated
Program Assistant II	530	Transferred to City Clerk
Health Dept. - Communications & PR		
Health Communications Officer	8	Position Eliminated
Graphic Designer II	535	Transferred to City Clerk
Graphic Designer II	535	Transferred to City Clerk

City Clerk - Public Information Division		
Public Information Manager	9	No Change
Public Relations Supervisor	6	Promoted within Dept.
Graphics Designer II	535	No Change
Graphics Designer II	535	No Change

This amendment eliminates the Public Relations Supervisor (Salary Grade 6) in the Public Information Division and promotes the incumbent to a newly created position of Public Relations & Marketing Manager (Salary Grade 8). It also creates 2 new positions – a Public Relations Specialist and a Web Coordinator - in the City Clerk’s Public Information Division.

The consolidated City Clerk's Public Information Division personnel list and corresponding salary grade is as follows:

Public Information Division - City Clerk's Office	
Position	GRADE
Public Information Manager	9
Public Relations & Marketing Manager	8
Public Relations Specialist	4
Web Coordinator	4
Graphic Designer II	535
Graphic Designer II	535
Graphic Designer II	535
Program Assistant II	530
Office Assistant III	425

FISCAL IMPACT

By centralizing the marketing, communications and public relations efforts of DCD, the Health Department and the City Clerk's Office the City may realize cost savings by eliminating redundant management, and may benefit somewhat from economies of scale,

The centralized Public Information Division may be somewhat less effective when responding situations unique to either DCD or the Health Department (e.g., with its specialized skills, the Health Department may be marginally more effective in dealing with health emergencies like the recent flu outbreak). However, a centralized Public Information Division may be an opportunity to gain expertise in a broader range of effective techniques giving the Division a larger "tool chest" of techniques for marketing, communications and public relations which may be used effectively in departments where these techniques have never been tried – or even considered – before.

CITY CLERK'S OFFICE	\$-10,000	\$-10,000	\$-0.001

AMENDMENT INTENT

Decrease funding for the Economic Development Committee Special Purpose Account by \$10,000.

OVERVIEW

The Proposed Budget allocates \$25,000 for the Economic Development Committee for funding economic development activities, including marketing the City for industrial and commercial development, business attraction and retention, tourism and support of emerging business enterprises, etc. Activities typically funded are those not funded by other City departments, and the types of activities funded change annually.

Appropriations so far in 2010 have supported at various board meetings of the National League of Cities. Activities funded in 2009 included: attendance at board meetings of the National League of Cities, participation in the annual International Council for Shopping Centers national convention (\$5,000) and funding of development and job creation activities for the African American Chamber of Commerce of Greater Milwaukee, Hispanic Chamber of Commerce, Hmong Chamber of Commerce and Gateway Business Association (\$50,000).

IMPACT

1. This amendment reduces the \$25,000 provided for the fund in the Proposed Budget by \$10,000.
2. The adoption of this amendment reduces the tax levy by \$10,000 or \$0.001 per \$1,000 of assessed valuation.

Amendment # 5

Department	IMPACT		
	Budget	Tax Levy	Tax Rate
			per \$1,000
Fire & Police Commission	\$ -18,218	\$ -18,218	\$ -0.001

AMENDMENT INTENT: Eliminate non-grant funding for the Homeland Security Director and associated Compliance Analyst positions.

OVERVIEW

The 2011 Proposed Budget for the Fire & Police Commission authorizes 2 homeland security positions. Urban Area Security (“USAI”) grants fund 80% of the Director of Homeland Security’s salary and 100% of the Compliance Analyst’s salary. The Homeland Security personnel budgeted in the proposed 2011 budget, and the associated USAI grant funding is summarized as follows:

2011 Proposed Budget	Grade	Amount
Homeland Security Director	12	\$91,089
Compliance Analyst	6	\$50,206
Homeland Security Total		\$141,295
USAI Grant		(\$123,077)
Portion Not Grant Funded		\$18,218

This amendment eliminates the \$18,218 of salary costs for Homeland Security personnel not funded by USAI grants.

FISCAL IMPACT

1. The entire \$18,218 must be eliminated from the Homeland Security Director’s salary because the Director’s salary is 80% USAI-funded while the Compliance Analyst’s salary is 100% USAI-funded. This will reduce the Director’s 2011 proposed salary from \$91,089 to \$72,871 (a 20% reduction), and will even be an 18.5% pay cut from the Director’s 2010 adopted pay rate of \$89,386. Starting salary for a Salary Grade 12 – Salary Grade for the Director of Homeland Security – is \$73,627, or \$756 more than Director’s salary resulting from this amendment.

2. Although not included in the budget impact calculated by the Budget Office above because of the way fringe benefits are accounted for in the budget process, eliminating \$18,218 in salary expense not grant-funded will save the City an additional \$8,745 for fringe benefit costs in 2011.

AMENDMENT INTENT

The intent of this amendment is to restore Special Duty funding sufficient to eliminate one “out of service” or “brownout” fire company.

OVERVIEW

1. The 2011 Proposed Budget for the Fire Department continues the practice of two brown-outs on most days. A brown-out consists of not staffing an engine in a company and removing the vehicle from service. Brown-outs are only scheduled for stations that house both an engine and a ladder truck, insuring that a level of service is still provided by the affected station.
2. Brown-outs were first used on a regular basis by the department during the 2010 budget year. Overall response times for the department have increased by an average of 9 to 12 seconds citywide, dependent upon type of service call. This increase could be due to several factors, including the implementation of brown-outs or an increase in road construction during the current year.
3. The effects of a brown-out can be difficult to quantify. The first call to a company affected by a brown-out should not show any negative consequence, as the engine that is still in service will respond as usual. It is any subsequent calls from the area of a browned-out company that would experience a decrease in response time, as a neighboring company would be needed for the response.

IMPACT

1. This amendment would restore Special Duty funding sufficient to eliminate one of the two daily brown-outs proposed for 2011.
2. This amendment increases the 2011 Budget and tax levy by \$990,000, for a tax rate impact of +\$0.037 per \$1,000 assessed valuation.

AMENDMENT INTENT

The intent of this amendment is to enact technical corrections needed to create a firefighter position to perform community education programs in the Supporting Services Decision Unit.

OVERVIEW

1. The 2010 Adopted Budget shifted the fire department's public education functions to civilian positions. This shift, however, was not implemented by the new Fire Chief.
2. A technical correction is required to reflect the change back to the pre-2010 model of using firefighters to perform community education duties.

IMPACT

1. This amendment changes the funding for a position to perform community education programs in the Supporting Services Decision Unit from a Fire Lieutenant to a Firefighter. The Fire Lieutenant position was not filled; thus this change has no budget impact.
2. This amendment does not change the amount of the 2011 Proposed Budget or the tax levy.

AMENDMENT 8

DEPARTMENT	BUDGET IMPACT	TAX LEVY IMPACT	TAX RATE IMPACT PER \$1,000
Fire Department	-\$628	\$12	-\$0.0001

AMENDMENT INTENT

This amendment will eliminate all funds associated with the purchasing of gold for the emblems and lettering on Milwaukee Fire Department vehicles.

BACKGROUND

The Milwaukee Fire Department ladder trucks and engines have identifying markings which utilize gold leaf for lettering and emblems. SignGold or vinyl is used for lettering and emblems on ambulances and other MFD vehicles.

Gold leaf is a process that glues thin sheets of gold to the vehicle surface. For outdoor applications, the leaf must be sealed to protect against peeling. Regular washing and waxing of vehicles is generally sufficient to maintain the gold leaf in good condition for 10 to 15 years.

SignGold is a vinyl product made with vaporized 22 karat gold. It was designed for outdoor applications and is used extensively in the automotive, aircraft and marine industries. The product generally carries a 10 year warranty and is resistant to fading and staining.

Premium vinyl products without gold, will create a durable paint-like finish on vehicles. Most vehicle applications utilize cast vinyl. Material manufacturers suggest that with proper care this type of product can be expected to last between 5 and 8 years.

The MFD purchases ladder trucks, engines and ambulances with its capital budget. All other vehicles are purchased with operating funds. Proposed capital vehicle purchases in 2011 include 2 engines, 2 ladder trucks and 2 ambulances. No other vehicles are budgeted.

DISCUSSION

This amendment will eliminate funding for the purchase of gold leaf and other gold products for lettering and emblems on all MFD vehicles. Other vinyl products which do not contain gold will be substituted for products containing gold.

The tax levy impact is significantly different from the budgetary impact because the purchase of capital equipment is funded with general obligation borrowing not cash.

IMPACT

This amendment will decrease the 2011 Budget by \$628 and reduce the 2011 tax levy impact by \$12 for a tax rate impact of -\$0.0001 per \$1,000 of assessed valuation.

Department	IMPACT		
	Budget	Tax Levy	Tax Rate
Health Department and			per \$1,000
City Clerk's License Division	\$ 0,000	\$ 0,000	\$ 0.000

AMENDMENT INTENT: Shift "back office", clerical processing of food licenses from the Health Department to the City Clerk's License Division.

OVERVIEW

The Health Department is authorized by the State to act as the State's agent to perform all food inspections and to issue corresponding food licenses. The Health Department issues approximately 4,600 food establishment licenses annually.

This amendment shifts responsibility for the clerical tasks of processing these licenses from the Health Department to the City Clerk's License Division. These clerical tasks may include in-take of applications, renewal notification, Common Council communications, License Committee hearing preparation, database management and reporting, and any other clerical aspect of licensure. All inspections and the actual issuance of licenses will remain the responsibility of the Health Department.

This amendment will transfer one Program Assistant I and 2 Office Assistant III's from the Health Department's Consumer Environmental Health section to the City Clerk's License Division plus \$10,000 in operating funding.

FISCAL IMPACT

Shifting responsibility for all clerical processing of food licenses from the Health Department to the City Clerk's License Division is expected to improve the efficiency and effectiveness of food license issuance, and provide the City with greater oversight of these important licenses. The Health Department will be relieved of the clerical burden of licensure and be free to focus on its core expertise of compliance inspections. The City Clerk's License Division will likewise be able to apply its expertise in license processing to food license issuance.

This amendment is cost-neutral.

Amendment # 10

Department	IMPACT		
	Budget	Tax Levy	Tax Rate
			per \$1,000
Mayor's Office	\$ -10,836	\$ -10,836	\$ -0.001

AMENDMENT INTENT: Eliminate all salary increases in the Mayor's Office.

OVERVIEW

Twelve staff positions are funded in the 2011 Proposed Budget for the Mayor's Office, not counting the Mayor but including 2 part-time (0.25 FTE's each) college interns. The 2011 proposed salaries budgeted for 9 of these positions is greater than the amount budgeted in the 2010 Adopted Budget as follows:

Job Title	Salary Grade	2011 Change
Chief of Staff	16	\$2,685 (A)
Policy Planning Coordinator	13	\$570 (A)
Mayor's Liaison Officer	9	\$825 (A)
Staff Assistant – Manager	9	\$708 (A)
Management Services Specialist	3	\$456 (A)
Program Assistant II	530	\$2,718 (B)
Office Assistant III	531	\$1,960 (B)
2 College Interns (0.25 FTE's	910	\$914 (B)

Although these increases over 2010's Adopted Budget may appear to be "raises" in spite of wage freezes, the Department of Employee Relations explains the first 4 positions in the above chart – non-union represented employees – received "step increases" in 2009 which were not reflected in the 2010 Adopted Budget. Personnel in these 4 positions are in fact being paid at the higher rate in 2010.

The final 3 positions in the chart are "non-management, non-represented" personnel and the apparent 2011 "raises" are actually increases that parallel 2007-2009 labor contracts settled too late to be properly reflected in the 2010 Adopted Budget. Again, incumbents in these positions are being paid the higher amount in 2010.

The Office Assistant position is vacant at this time.

Because incumbents in these positions are already being paid in 2010 at the levels proposed in the 2011 budget, this amendment will roll back salaries for these positions to

first-quarter 2009 levels when the 2010 Requested Budget was completed by City departments and submitted to the Budget Office.

FISCAL IMPACT

1. Rolling back wages for the 3 “non-management, non-represented” positions to 2010 Adopted Budget levels will mean these 3 incumbents are treated differently from all other “non-management, non-represented” City employees and may come before the City Service Commission as a violation of City Service standards..
2. Rolling back wages for the 4 positions not represented by labor unions will mean these 4 incumbents are treated differently from all other non-represented City employees and may come before the City Service Commission as a violation of City Service standards.
3. Because the higher salaries reflected in the 2011 Proposed Budget Salary are already being paid in 2010, rollbacks resulting from this amendment will mean salary cuts for incumbents who will be paid less in 2011 than they were paid in 2010 – which may undercut employee morale.
4. Although not included in the budget impact calculated by the Budget Office above because of the way fringe benefits are accounted for in the budget process, eliminating these increases will save the City approximately \$5,200 in fringe benefit costs in 2011 in addition to \$10,836 in wages.

			per \$1,000
Mayor's Office	\$ 0,000	\$ 0,000	\$ -0.000

AMENDMENT INTENT: Eliminate authorized but unfunded Staff Assistant (Salary Grade 6) position.

OVERVIEW

The 2011 Proposed Budget authorizes 13 positions in the Mayor's Office, not counting the Mayor but including 2 part-time (0.25 FTE's each) college interns, but only funds 12 positions. One Staff Assistant to the Mayor position (Salary Grade 6) is not funded. Authorized positions are as follows:

Job Title	Salary Grade
Chief of Staff	16
Policy Planning Coordinator	13
Special Assistant to The Mayor	10
Mayor's Liaison Officer	9
Staff Assistant - Manager	9
Staff Assistant to the Mayor-Senior	7
Staff Assistant To the Mayor	6
Staff Assistant To the Mayor	6
Management Services Specialist	3
Program Assistant II	530
Office Assistant III	531
2 College Interns (0.25 FTE's)	910

This amendment eliminates the one unfunded Staff Assistant to the Mayor position.

FISCAL IMPACT

1. Eliminating an unfunded position from the 2011 Proposed Budget should have no effect on the operations or accomplishments of the Mayor's Office in 2011, but will require the Mayor's Office to petition for a new position if the needs of the Office change in the future.

AMENDMENT INTENT

This amendment adds the position authority, funding and FTE for one additional Nuisance Control Officer II in the Department of Neighborhood Services (DNS).

OVERVIEW

1. In the 2010 Budget, DNS lost funding for 3 Nuisance Control Officer II positions representing 2.5 FTEs.
2. Presently, there are 16 of 18 Nuisance Control Officer II positions funded, representing 16 FTEs, that provide service city-wide for all nuisance issues.
3. This position provides neighborhood nuisance control services, including litter nuisance abatement, as well as addressing chronic nuisance properties, vehicle nuisances, and animal and pest control.

IMPACT

1. This amendment increases the Salaries and Wages for DNS by \$38,596.
2. The change in O&M FTEs will be an increase of one FTE, and increase total O&M FTEs from 169 to 170.
3. The estimated increase in employee fringe benefit costs will be \$18,526.
4. This amendment also increases the following line items: General Office Expenses increase \$600, Other Operating Supplies increase \$350, Vehicle Rental increase \$3,600, Professional Services increase \$500, Property Services increase \$490, Other Operating Services increase \$75 and Network Hardware and Software increase \$2,500.

AMENDMENT INTENT

The intent of this amendment is to restore position authority, salary funding and FTEs for 2 positions of Safety Specialist-Senior in the Police Department and to fund this restoration through a reduction in the Police Department’s overtime account.

OVERVIEW

1. The 2010 Budget eliminated 4 positions from the Police Department’s Safety Division – the Safety Director, Office Assistant III and 2 Safety Specialist-Senior positions. Two other Safety Specialist-Senior positions remained. This was part of an effort to partially dissolve the Safety Division and replace it with a Community Services Division staffed by a police sergeant and police officers.
2. The 2011 Proposed Budget provides for the elimination of the 2 remaining Safety Specialist-Senior positions.
3. Duties of the Safety Specialists include:
 - Training and supervising crossing guards.
 - Conducting safety education programs at Milwaukee schools.
 - Performing traffic studies to determine the need for crossing guards at certain locations.
 - Providing schools with informational materials on the safety cadet program and pedestrian safety techniques.
 - Providing fireworks safety materials to schools and businesses.
4. The 2011 Proposed Budget includes \$11.8 million in tax-levy funding for Police Department overtime. This amount is 2.6% lower than the \$12.1 million budgeted for 2010. Through Pay Period 20, actual 2010 tax-levy-supported overtime expenditures totaled \$8,156,220, a 2.8% increase over the same period in 2009.

IMPACT

1. This amendment restores position authority, salary funding, direct labor hours and FTEs for 2 positions of Safety Specialist-Senior (Salary Grade 4) in the Police Department’s Safety Division, at a total cost of \$123,742.
2. To fund the restoration of these position, this amendment reduces the Police Department’s tax-levy-supported overtime funding from \$11,822,761 to \$11,699,019 (-1.0%).

3. Since this is a balanced amendment, it has no impact on the total budget, tax levy or tax rate.

AMENDMENT INTENT

The intent of this amendment is to provide funding for 10 additional police officer recruits for each of the 2 recruit classes planned for 2011.

OVERVIEW

1. Currently, one recruit class is underway at the Safety Academy. This class of 50 will graduate sometime in the spring of 2011. The class is funded by a Community Oriented Policing Services (COPS) grant from the U.S. Department of Justice; no tax-levy-funded recruit classes have been started in 2010.
2. The 2011 Proposed Budget provides no information on the number, size or scheduling of police officer recruit classes next year. However, the Budget Office has indicated that, for MPD to achieve its budgeted annual average sworn strength of 1,901 FTEs for 2011, the department will probably need 2 additional recruit classes. The first class is likely to start in July or August and will be smaller than average (about 30); it will consist primarily of current police aides. The second class will be full-size (50-60), is likely to start in mid-fall and will be selected from a new list of eligible candidates now being compiled by DER and the Fire and Police Commission.
3. At the Finance & Personnel Committee hearing on the Police Department's Proposed Budget on October 20, Chief Flynn indicated that he anticipates 2 30-member recruit classes in 2010.
4. Over the past 10 years, the number of police officer recruit classes and recruits hired were as follows:

Year	No. of Classes	Recruits Hired
2001	3	166
2002	3	135
2003	1	60
2004	2	93
2005	1	49
2006	3	144
2007	3	139
2008	1	34
2009	1	40
2010	1	50

IMPACT

1. This amendment provides \$351,190 in funding to hire 10 additional police officer recruits for each of the 2 recruit classes projected for 2011.
2. This funding level is based on the assumptions that one recruit class starts in July (and is compensated for 11 pay periods) and the other in September (compensated for 6 pay periods).
3. The \$351,190 in funding consists of \$307,190 in additional salary funding and \$44,000 for operating supplies (i.e., uniforms, ammunition, etc. for the 20 additional recruits).
4. This amendment increases the 2011 Budget and tax levy by \$351,190, for a tax rate impact of +\$0.013 per \$1,000 assessed valuation.

AMENDMENT INTENT

The intent of this amendment is to decrease the Worker's Compensation SPA by \$200,000 and the Health Maintenance Organizations component of the Employee Health Care Benefits SPA by \$300,000, while increasing the Police Department's overtime funding by \$500,000, with a footnote indicating that the intent of this additional funding is that it be used for additional foot and bicycle patrols.

OVERVIEW

1. The Worker's Compensation SPA funds the City's financial obligations to pay claims under the State of Wisconsin's Worker's Compensation Act. The 2011 Proposed Budget includes \$13,234,000 for this SPA, a decrease of 11.1% from the 2010 Budget.
2. The Employee Health Care Benefits SPA funds the 2 types of health benefit programs for active and retired City employees (the "Basic Plan" and the Health Maintenance Organization), as well as the prescription drug program, dental insurance benefits and the administrative expenses for these programs. The 2011 Proposed Budget includes \$144.8 million for the Employee Health Care Benefits SPA, an increase of 21.0% from the 2010 Budget. Almost 80% of the 2011 appropriation -- \$115.4 million -- is for the HMO component of the SPA.
3. The 2011 Proposed Budget includes \$11.8 million in tax-levy funding for Police Department overtime. This amount is 2.6% lower than the \$12.1 million budgeted for 2010. Through Pay Period 20, actual 2010 tax-levy-supported overtime expenditures totaled \$8,156,220, a 2.8% increase over the same period in 2009.

IMPACT

1. This amendment reduces the Worker's Compensation SPA by \$200,000, to \$13,034,000 (-1.5%).
2. This amendment also reduces the Employee Health Care Benefits SPA by \$300,000, to \$115,100,000 (-0.3%).

3. This amendment increases 2011 tax-levy funding for Police Department overtime by \$500,000, to \$10,005,126 (+5.3%). This boost in funding will increase MPD's funded sworn strength by 6.81 FTEs, or about 11, 240 hours of additional police patrol time.
4. Since this is a balanced amendment, it has no impact on the total budget, tax levy or tax rate.

PORT OF MILWAUKEE	-\$73,627	-\$73,627	-\$0.003

AMENDMENT INTENT

The intent of this amendment is to eliminate position authority, salary funding and FTEs for the position of Deputy Port Director at the Port of Milwaukee.

OVERVIEW

1. The 2010 Budget created the position of Deputy Port Director (Salary Grade 12) and provided sufficient salary funding to fill the position for the second half of the year.
2. A large portion of the Port's staff is currently eligible for retirement and may leave City employment at any time. This position was created to smooth the succession of Port leadership and staff as these employees retire. The Deputy Port Director is responsible for assisting the Port Director in managing the day-to-day operations of the Port and is to act on the Port Director's behalf in his absence.
3. The 2011 Proposed Budget provides a full year of salary funding for the Deputy Port Director position.
4. The Deputy Port Director position has not yet been filled. Earlier this year, the Port worked with the Department of Employee Relations to begin the hiring process. However, the Port subsequently learned that the Deputy Port Director position is a mayoral appointment. The Mayor has not yet appointed anyone to this position.

IMPACT

1. This amendment eliminates position authority, salary funding, direct labor hours and FTEs for the position of Deputy Port Director.
2. Since this position has never been filled, elimination of the position will not require a lay-off or position-bumping.
3. This amendment reduces the 2011 Budget and tax levy by \$73,627, for a tax rate impact of -\$0.003 per \$1,000 assessed valuation.

AMENDMENT 19

DEPARTMENT	BUDGET IMPACT	TAX LEVY IMPACT	TAX RATE IMPACT PER \$1,000
Public Works	-\$313,115	-\$6,140	-\$0.001

AMENDMENT INTENT

This amendment eliminates 50% of the funding for the replacement of street name signage related to the updated federal standards of the Manual of Uniform Traffic Control Devices (MUTCD)

BACKGROUND

Traffic control devices, including street name signs, are installed and maintained to conform to the federal Manual on Uniform Traffic Control Devices. In December 2009, the Federal Highway Administration issued a final rule adopting changes to the 2003 MUTCD. These changes became effective on January 15, 2010. It is anticipated that these changes will be adopted and incorporated by the State of Wisconsin into state statutes by the end of 2010.

All new traffic control devices must meet the new requirements. The retro-reflectivity compliance date for street name signs is January 22, 2018.

DPW estimates that less than 1% of street name signs will be out of compliance due to sign size, lettering size or capitalization. Approximately 79% of street name signs will be out of compliance with the new retro-reflectivity requirements.

DISCUSSION

This amendment will extend the replacement cycle of non-compliant street name signs. Street name signs will continue to be replaced when they reach the end of their useful lives.

Failure to replace non-compliant devices for which a compliance date is established is a violation of state and federal law and could result in the withdrawal of federal-aid funds. Tort liability lawsuits may be possible especially in situations where a crash has occurred that might be attributed to inadequate, inappropriate or non-compliant traffic control devices. These types of outcomes are more likely when the non-compliant devices are regulatory in nature.

IMPACT

This amendment will decrease the 2011 Budget by \$313,115 and reduce the 2011 tax levy impact by \$6,140 for a tax rate impact of -\$0.0001 per \$1,000 of assessed valuation.

AMENDMENT INTENT

The intent of this amendment is to appropriate \$25,000 to create an illegal dumping tip hotline Special Purpose Account under the control of the Department of Public Works. This SPA is funded through a reduction of \$25,000 from the DPW – Solid Waste Disposal Account. The intent is to amend City Ordinances to authorize a reward, payable upon conviction of the violator, of up to \$250 to each tipper.

OVERVIEW

1. There is concern that the \$15 charge for bringing construction-related material to the self-help stations has contributed to an increase in illegal dumping on vacant parcels.
2. There are approximately 4,600 vacant residential parcels in the City. Vacant properties that are used for dumping become a blighting influence for the surrounding community. Non-maintenance of an individual property can result in deterioration of the surrounding properties.
3. The creation of an illegal dumping tip hotline could help to discourage illegal dumping, increase convictions related to illegal dumping and increase the number of residents using the self help stations to properly dispose of construction waste.

IMPACT

1. This amendment would appropriate \$25,000 to create an illegal dumping tip hotline SPA in DPW. The reward to each tipper, upon conviction, is to be \$250.
2. The illegal dumping tip hotline SPA will be funded through a \$25,000 reduction of the DPW – Solid Waste Disposal account.
3. This amendment does not change the amount of the 2011 Proposed Budget or the tax levy.

AMENDMENT INTENT

Reduce O & M Funding for the “Weekend Box” Program and provide funding, position authority and FTEs for boulevard weed mitigation.

OVERVIEW

1. The 2011 Proposed Budget includes \$80,000 in O & M funding for the Weekend Box Program, the same amount that was provided in 2010 through an amendment to the 2010 Proposed Budget.
2. An amendment to CDBG City Strategic Objectives Category shifts \$65,600 in CDBG to the Weekend Box Program, which permits \$65,600 in O & M funding to be used for other purposes.
3. The Forestry Section estimates that weed mitigation on all City boulevards has not been conducted since 2003.
4. An amendment to the 2008 Budget provided funding for pre-emergent herbicide application to sterile boulevards (concrete only with no plantings).
5. Presently, there is concern regarding weeds and dandelions that have established themselves in all City boulevards.
6. The spraying of herbicides and fertilizer would aid in the prevention of such weeds.

IMPACT

1. As proposed the 2011 Weekend Box Program funding will be \$80,000, with \$65,600 with provided in CDBG and \$14,400 in O & M funding.
2. This amendment provides \$65,542 in O & M funding for a single spraying of boulevards prior to weed germination in the spring.
3. The cost for this application includes a one-time purchase of 3 commercial turf sprayers.
4. The total cost for the weed mitigation application would be \$65,542. Salaries and Wages increase by \$25,442, Other Operating Supplies increase by \$23,600 and Equipment Purchases increase by \$16,500. O&M FTEs increase by .6 FTEs.
5. The tax rate increase would be \$+0 per 1,000 of assessed valuation. No levy impact.

AMENDMENT 27

DEPARTMENT	BUDGET IMPACT	TAX LEVY IMPACT	TAX RATE IMPACT PER \$1,000
DPW Operations - Sanitation	\$0	\$0	\$0.0000

AMENDMENT INTENT

This amendment will extend borrowing authority for costs related to four projects at various Sanitation facilities.

BACKGROUND

The 2007 Budget appropriated \$2,260,500 in capital borrowing authority for the Department of Public Works' Sanitation Headquarters Modification – Various Sites program (0321-9990-R999-BU11091100). The budget included a footnote requiring that no funds from the account be expended without Common Council approval. No additional funds have been appropriated for the account. Borrowing authority for the remaining funds expires at the end of 2010.

On October 20, 2010, the Public Works Committee (CC File # 100720) recommended authorization for the expenditure of the remaining account balance of \$477,959 on the following projects:

- Emergency repair of scales at the Materials Recycling Facility at an estimated cost of \$155,000.
- A facilities inspection report for the Materials Recycling Facility at an estimated cost of \$25,000.
- Property improvements at the self-help centers related to the charging of construction debris at an estimated cost of \$60,000.
- HVAC and roof repairs at the South 35th Facility at an estimated cost of \$215,000.

Common Council action on this file will be on November 3, 2010.

Pending Council approval, the projects will be bid and construction will begin prior to year-end. It is anticipated, however, that construction will not be completed before the borrowing authority expires.

DISCUSSION

This amendment will extend the borrowing authority for funds originally allocated in 2007. This will allow the projects recommended by the Public Works Committee to go forward without the need to appropriate additional funds.

IMPACT

This amendment will have no impact on the 2011 Budget or 2011 tax levy.

AMENDMENT INTENT

The intent of this amendment is to eliminate the \$200,000 in capital funding provided for the Healthy Neighborhoods Initiative in the 2011 Proposed Budget.

OVERVIEW

1. The 2011 Proposed Budget provides \$200,000 in Department of City Development capital funding for the Healthy Neighborhoods Initiative (“HNI”). This is the same level of funding as the 3 previous budgets (2008 was the first year of City financial support for the HNI).
2. The Healthy Neighborhoods concept focuses on marketing the positive attributes of urban neighborhoods, rather than highlighting neighborhood problems. Projects funded by HNI have included small-scale neighborhood improvement initiatives, property beautification contests, neighborhood identification efforts and landscaping projects.
3. Common Council File 071449, adopted March 18, 2008, established the following parameters for expenditures from the HNI capital account:
 - The Neighborhood Improvement Development Corporation (NIDC) shall administer the Healthy Neighborhoods Initiative.
 - Every expenditure shall be matched on a dollar-for-dollar basis by financial commitments from non-City-government entities. (Note: to date, matching funds have included investment expenditures of neighborhood residents and in-kind donations from local merchants, businesses and professionals.)
 - No expenditure shall be made until NIDC receives documentation of involvement of a community organization or neighborhood association in any project selected for City funding through the HNI.
 - City funds from the HNI capital account shall be used to fund residential improvement loans or grants and neighborhood improvements.
4. Currently, 9 neighborhoods are participating in the Healthy Neighborhood Initiative :

Thurston Woods	Johnsons Park
Sherman Park	Havenwoods
Enderis Park	Lincoln Village
Martin Drive	Capital Heights
Layton Boulevard West	

5. The Milwaukee Foundation has been a partner with the City in this Initiative. According to DCD, the Milwaukee Foundation contributes approximately 2/3 of the funding for HNI, while the City contributes 1/3.

IMPACT

1. This amendment eliminates the \$200,000 in funding for the Healthy Neighborhoods Initiative capital project in the 2011 Proposed Budget.
2. The impact of this amendment is a reduction of the 2011 Budget by \$204,000 -- \$200,000 in the Capital Improvements budget plus a related \$4,000 reduction in the City Debt budget. Since only the debt financing is tax-levy-funded, the amendment reduces the tax levy by \$4,000, for a tax rate impact of -\$0.001 per \$1,000 assessed valuation.

Amendment # 33

Department	IMPACT		
	Budget	Tax Levy	Tax Rate
			per \$1,000
Milwaukee Water Works	\$ 0,000	\$ 0,000	\$ 0.000

AMENDMENT INTENT: Restore hiring authority, but do not fund one Chemist II position in the Water Quality Section.

OVERVIEW

Water Works has been staffing the Water Quality Section with 10 Water Chemist II positions since at least 2008. These 10 positions were originally staffing 2 shifts per day, but recent changes in technology mean chemists are only needed for one shift each day. Little actual chemistry is performed by staff chemists these days, and much of their workload is recalibrating and monitoring the machines doing the chemistry. With this in mind, the Water Works re-evaluated its need for chemists this year when one of its staff retired, and concluded 9 chemists could handle the workload, so it proposed a staff of only 9 Chemist II's for 2011.

The amendment will restore hiring authority for the 10th Chemist II position eliminated this year from the department's budget proposal, but will not fund the position.

FISCAL IMPACT

1. This amendment will have no fiscal impact on Water Works operations, but will make the process of hiring a 10th Chemist II easier if the Water Works discovers in the future an addition chemist is needed to staff the Water Quality Section.

AMENDMENT INTENT

The intent of this amendment is to identify lines in the 2011 Budget that contribute to the “Milwaukee Promise”.

OVERVIEW

1. The Milwaukee Promise is a commitment by the City to be responsible and accountable in all expenditures related to poverty alleviation and unemployment reduction.
2. Under the Milwaukee Promise, any City department, program or agency that receives funding for poverty-reduction or job-creation efforts -- regardless of whether that funding is for salaries, operating expenditures, special funds, capital projects, special purpose accounts, etc. -- will be required to track the outcomes of these efforts and report on their overall success and accomplishments at the end of the year. This will allow the City to recognize the programs and efforts that are most successful in addressing poverty and unemployment. The Common Council will also be able to use the results of this reporting mechanism to direct funding in future City budgets to those programs that produce the greatest results.

IMPACT

1. This amendment inserts an attachment (appendix) to the 2011 Budget that lists, by budget line, all expenditures that are components of the Milwaukee Promise – i.e., they have been identified as being partially or entirely related to the reduction of poverty or unemployment in Milwaukee. Upon final adoption of the Budget, the page and line numbers will be removed and replaced with account names.
2. This amendment does not add, eliminate or change funding levels in the 2011 Proposed Budget. Therefore, it has no impact on the total budget, tax levy or tax rate.
