Emailing my testimony in advance. Thank you.

POSTPONED: Hearing on a Data Center at Midtown

“The City of Milwaukee has postponed this hearing, thanks to public outcry. However, according to the information we have, the proposal is not dead. Rumor has it that it will be rescheduled for June, 2026. In the meantime, SPCA will keep you updated on this proposal and its implications.”

When anonymous folks try to steal our land you can tell who the corrupt officials who support the future theft of our homes are also the ones that want to feign STUPID af as if these voters didn't elect folks who campaigned on having a “brain” and to “vote like your seat depends on it because it does” on the Midtown Data Center proposal.

Y'all know damn well it's a “HAIL tf NO” so since y'all get paid to attend the rescheduled PUBLIC HEARINGS during the same hours everyone works, while taking silly pictures for clout, do your damn jobs as the neighbor that you are and make sure you sign up to speak with the rest of us too.

At least y'all get PAID to say something so why tf do we have to play tag and come find y'all when it's convenient for you as if y'all don't already know mfs can't afford childcare much less taking off of work. Yeah I said it.

Y'all want folks from the hood to take UNPAID time off of work to tell you to do your damn jobs. I will repeat and ON THE RECORD at Milwaukee City Hall but I'm not going to be in a good mood because y'all the city streets and public parking is outdated and still trash af too.

Playing these stonewalling games (postponing inconveniently scheduled daytime public hearings) to expedite corruption is the reason why your neighbors are running for office against you. Read it again.

Do the descriptions under the elected positions that our taxes paid you to do. Our children can tell whose an idiot and now y'all want the whole hood to pop off on you too? Just. Stop.
