I had taken Monday off of work to finish the Basement. 3-10-08

I had 2 friends helping me.

I was up at the Home Depot getting the paint, so we could start painting.

While I was at Home Depot "Receipt included" my friends called me & said to get home as soon as possible there was

sewerage coming up from the drain and there was poop all over.

When I got home I couldn't believe it.

I went out side & there was two City trucks out there. they said they were cleaning out the sewer drains, but they were

blugged. There was a small City truck the # on the side of the truck was 26610 DPW

and there was a real big DPW truck # 40061, when they tried to clean out

the sewer lines everything went sideways into all of our houses. I had 5 inches of sewerage in my basement.

I had just bought the carpeting the week before this happened. receipt included
