**Subject:** Support for the Bridge Project

Dear Members of the Finance and Personnel Committee,

I am writing to express my strong support for the Bridge Project. This program is delivering clear, measurable results for Milwaukee families by improving housing stability, reducing food insecurity, and creating stronger pathways to education and economic mobility.

As the cost of living continues to rise, the demand for programs like the Bridge Project continues to grow. Families across Milwaukee are facing increasing financial pressures, and this initiative provides direct, meaningful support that helps stabilize households before crises deepen.

Just as importantly, the Bridge Project is a preventative investment in our community. By supporting families early, the program helps reduce long-term challenges tied to housing instability and poverty while strengthening the overall health and resilience of Milwaukee neighborhoods.

I encourage the Committee to continue supporting this impactful initiative and the families who benefit from it.

Sincerely,

Melody McCurtis, Deputy Director of Metcalfe Park Community Bridges
