Hello Tim

Extension for Ms. Glover, she stated in her call that you would extend the COA. So I would like to give her an extension, but it depends on the extension of COA.

Good enough. The Commission will have to weigh in on the use of the pressure-treated, but it's certainly serviceable until spring.

Hello Tim,

Here are the pictures for ORD-19-15515. I did not take many pictures of the porch, this was for my information of the re-inspection. I thought you were going to have the construction Inspector go out and re-inspect.

Also , I apologize for getting back to you so late, I was on a short vacation.

Hi Tim,

I'm comfortable with its inspection. I have pictures, but because of working remotely, I will send when, I get to the office.

If you're comfortable with your own judgment on it, I think that's good enough. I know you have a vast range of experience. Do you have any photos you can share?

Good morning Tim,

In regards to 945 N 31 St AKA ORD-19-15515. Ms. Glover, the owner called me, and asked me to inspect the West porch to determine , if it was of a sound condition. I found it to be in sound condition. I informed Ms. Glover that you may have wanted the Construction Inspector to look at it , Is this correct? Please advise.

David Belasco
