Featuring Milwaukee's unique geography and bold demography, the MKE Map Flag has it all. Not only does it include the traditional colors of Germany and Africa, but overlaps them in a classic heraldic banner style that fits the city. Milwaukee's light blue waterways are rendered in a way that may evoke a heraldic cross, a blaring trumpet, or a socialist hammer. Dynamic yet so simple a child could draw it from memory, the MKE Map Flag sounds just the right inclusive and historic notes.
