BACKGROUND

In 1984, the Wisconsin legislature created Sec. 66.608 (currently Sec. 66.1109) of the Statutes enabling cities to establish Business Improvement Districts (BIDs). The purpose of the law is "...to allow businesses within those districts to develop, to manage and promote the districts and to establish an assessment method to fund these activities." (1983 Wisconsin Act 184, Section 1, legislative declaration.) On October 30, 1992, the Common Council of the City of Milwaukee, by Resolution File Number 921091, created BID No. 10 - Avenues West and adopted its initial Operating Plan for the year 1993.

Section 66.1109 (3) (b), Wisconsin Statutes, requires that a BID Board "... shall annually consider and may make changes to the operating plan... The Board shall then submit the operating plan to the local legislative body for its approval." The Board of Business Improvement District No. 10 submits this Operating Plan for the year 2017 in fulfillment of the statutory requirement.

This plan proposes a continuation and expansion of activities described in the initial BID Operating Plan. Therefore, it incorporates by reference the earlier plans adopted by the Common Council. In the interest of brevity, this plan emphasizes the elements which are required by Sec. 66.1109, Wisconsin Statutes, and the proposed changes for 2017. It does not repeat the background information which is contained in the original plan nor include the Business Improvement District Statute, original petitions from property owners, or BID No. 10 Bylaws.

In 2016, the BID 10 Board approved the expanding the boundaries of the BID to include properties west and north. This expansion is reflected in the attached maps.

PHYSICAL SETTING

BID 10 is bounded by Interstate 43 on the east, Highway 41 on the west, Interstate 94 on the south and on the north by Vliet Street west of 27th Street and Highland Boulevard east of 27th Street. It includes the four primary arterials on the near west side of

Milwaukee: 27th Street, 35th Street, Wisconsin Avenue and Vliet Street. In addition, there are several commercial corridors, including areas on St. Paul Avenue, Clybourn Street, Michigan Street, Kilbourn Avenue, Wells Street, State Street and others.

A map of the District is provided in Appendix A.

PROPOSED OPERATING PLAN 2017

PLAN OBJECTIVES

The objective of Business Improvement District No. 10 is, as stated in its first year, to "...continue the revitalization and improvements of a portion of Milwaukee's near west side." This objective is intended to be accomplished by maximizing both human and capital resources through the operation of an office whose staff implements and promotes activities determined appropriate by the board of directors in achieving the District's objective. The District has had a continuing contract with the Avenues West Association, Inc. to provide the necessary staffing and Operating Plan implementation, but Near West Side Partners, Inc. will replace Avenues West Association, Inc. as the agency to provide staffing and implementation in 2017.

Near West Side Partners, Inc. is a Section 501(c)(3) organization dedicated to revitalizing and sustaining the Near West Side of Milwaukee as a thriving business and residential corridor, through collaborative efforts to promote commercial corridor development, improved housing, unified neighborhood identity and branding, and greater safety for residents and businesses.

Near West Side Partners, Inc. envisions a vibrant Near West Side with a well-balanced mix of residential neighborhoods and business corridors that is thriving because it offers:

1. A safe and welcoming environment for employees, residents and visitors;
2. Residential neighborhoods that are attractive to those working in the area;
3. A distinct neighborhood identity and brand that is attractive to employers, employees, residents and visitors; and

4. A vibrant mix of commercial corridor development that serves the needs of those living and working on the Near West Side.

PROPOSED ACTIVITIES

The principal activities to be undertaken during 2017 are intended to result in enhanced neighborhood safety, improved area image, new development, and the increased value of present improvements. Possible staff activities include:

1. Direct and/or collaborate with other agencies (including Near West Side Partners, Inc.) in the implementation of long range plans approved by the Board;
2. Encourage all commercial buildings to be maintained graffiti-free and financially support and coordinate the means to accomplish this goal;
3. Encourage and support facade improvements to commercial properties within the BID, with emphasis on the SOHI District (27th street), 35th Street, Wisconsin Avenue, Vliet Street and other commercial corridors;
4. Advise area businesses on safety and security measures and serve as liaison with the security offices of area institutions, the Community Prosecution Unit (CPU) and the Milwaukee Police Department;
5. Work with owners and managers of private and public property to encourage quality maintenance and management of their properties;
6. Provide staff assistance to property owners and developers who are engaged in property improvements and redevelopment activities;
7. Market and provide visual enhancement of the Near West Side's seven neighborhoods; and
8. Coordinate with economic development programs of area organizations, institutions and government agencies.

PROPOSED EXPENDITURES

Recognizing that it is beyond the resources and capacity of Business Improvement District No. 10 to address every significant issue affecting the Near West Side area, the Board shall set priorities for expenditures based on cost effectiveness and fulfillment of the goals of the BID. Grants may be awarded during the program year that are not presently identified as such but fit within the intent of the Operating Plan.

Functional expenditures are anticipated to be in the approximate amounts set forth in Table 1 below.

FINANCING METHOD

It is proposed that \$303,123 will be obtained from assessments on property within the District. (See Appendix B.) The assessment method is described in the Method of Assessment Section of this plan.

The BID Board shall have the authority and responsibility to prioritize expenditures and to revise the budget as necessary to match the funds actually available.

TABLE 1: INCOME AND EXPENDITURES

BID Income	
Assessments (321 parcels)	300,319
Fundraising	30,000
BID Expenses	
Total Personnel	210,00
Total Professional Fees	24,500
Program Expense	57,085
Office Equipment, Supplies and Fees	33,734
Contingency & Property Classification Error (5%)	5,000
Total Expense	330,319
Net Income	0

Income for the BID comes from the assessments as explained in section, Assessment Rate and Method, page 9. The BID saw a funding decrease due to property classification changes and enforcement of the \$25,000 cap as explained in section, Assessment Rate and Method, page 9 that was not fully recognized last year totaling approximately \$32,000. However, the BID has included fundraising for 2017 with an estimated amount \$30,000. Fundraising includes the annual awards ceremony for the local community.

Personnel includes salary, benefits and taxes for 2.5 FTE staff paid by the BID. These positions include an executive director, an associate director and office administrator. The BID is in the process of hiring an associate director at the time of production of the operating plan.

Professional fees include bookkeeping, accounting and legal. These services are outsourced at a cost savings to the BID.

Program expense includes business grants, event expenses, and funds for security improvements. These funds are dedicated to supporting local business initiatives and some limited fundraising. Program expense will include (but not be limited to) the following projects and programs, as approved by the BID Board:

- Awards Luncheon
- Art Programming
- Landlord Compact
- Safety and Security Task Force
- Business Recruitment
- Business Retention
- Camera / Surveillance Project
- Community Outreach
- Educational & Training Programming
- Façade Grant Program
- Graffiti Removal Program
- Lighting Program
- Marketing and Branding (i.e. website, mailings, etc.)
- Safety and Security Programming
- Streetscape

Office equipment, supplies and fees include supplies, rental/maintenance, dues and subscriptions, insurance, postage and delivery, printing, rent, telephone, internet, meeting expense, continuing education, miscellaneous, etc. These funds support the daily activity of the organization to operate.

Contingency and property classification error has been adjusted to reflect the changes from last year's operating plan (i.e. a decrease in the error rate of improperly classifying a non-assessable property) and the adjustments made in the BID assessments over the last year.

ORGANIZATION OF BID BOARD

State law requires that the Board be composed of at least five members and that a majority of the Board members be owners or occupants of property within the District. The Board's primary responsibility is implementation of the annual Operating Plan.

The Mayor appoints Directors who serve without compensation for three-year terms. Any non-owner or non-occupant appointed to the Board shall be a resident of the City of Milwaukee. The BID Board elects its own officers each year.

All meetings of the Board shall be governed by the Wisconsin Open Meetings Law. Files and records of the Board's affairs shall be kept pursuant to public record requirements.

The Board shall meet quarterly, as stated in its bylaws.

ROLES AND RELATIONSHIPS

RELATIONSHIP TO AVENUES WEST ASSOCIATION, INC.

The BID shall be a separate entity from the Avenues West Association, Inc. (sometimes "AWA") and Near West Side Partners, Inc. (sometimes "NWSP"), both Section 501 (c) (3) corporations, notwithstanding the fact that members, officers, and directors of each may be shared. AWA and NWSP shall remain private organizations, not subject to the open meeting law and not subject to the public record law, except for records generated in connection with their contracts with the BID.

RELATIONSHIP TO NEAR WEST SIDE PARTNERS, INC.

NSWP is the contracting agency with the BID to provide services to the BID in accordance with this plan.

The Executive Director of the NWSP shall also serve as the Executive Director of the BID with staff as necessary to implement the annual Operating Plan.

RELATIONSHIP TO CITY OF MILWAUKEE

In February 1978, the Common Council of the City of Milwaukee adopted a Preservation Policy as the policy basis for its Comprehensive Plan and as a guide for its planning, programming and budgeting decisions. The Common Council reaffirmed and expanded the Preservation Policy in Resolution File Number 881978, adopted January 24, 1989. The Preservation Policy emphasizes maintaining Milwaukee's present housing, jobs, neighborhoods, services, and tax base rather than passively accepting loss of jobs and population, or emphasizing massive new development. In its January 1989 reaffirmation of the policy, the Common Council gave new emphasis to forging new public and private partnerships as a means to accomplish preservation.

The District is a means of formalizing and funding the public-private partnership between the City and property owners in the Near West Side area and for furthering preservation and redevelopment in this portion of the City of Milwaukee. Therefore, it is fully consistent with the City's Comprehensive Plan and Preservation Policy.

The Near West Side Area Comprehensive Plan was adopted as part of the City of Milwaukee's Overall Comprehensive Plan in March, 2004. According to Common Council Resolution, File No. 031371, "...Comprehensive Plan as approved shall provide guidance and serve as the basis for decision-making by the Common Council in its consideration of land use and physical development issues..."

CITY ROLE IN DISTRICT OPERATIONS

The City of Milwaukee has committed to helping private property owners in the District promote its development. To this end, the City

has played a significant role in the creation of the District and in the implementation of its Operating Plan. In particular, the City will:

1. Provide technical assistance as appropriate to the BID Board.
2. Monitor and, when appropriate, apply for outside funds that could be used in support of the District.
3. Collect BID assessments, maintain them in a segregated account, and disburse the monies of the District.
4. Receive a copy of the annual report including an independent audit from the BID Board as required per Sec. 66.1109(3) (c) of the BID law. If the audit is not provided within six months of the due date, the City may contract for an independently certified audit with the cost paid from BID appropriations.
5. Provide the Board, through the Tax Commissioner's Office, on or before June 30th of each Plan year, with the official city records and assessed value of each tax key number within the District as of January 1st of each Plan year for purposes of calculating the BID assessments for the following Plan year.
6. Encourage the State of Wisconsin, Milwaukee County, and other units of government to support the activities of the District.

METHOD OF ASSESSMENT

ASSESSMENT RATE AND METHOD

The District proposes to continue the assessment rate and method used in its prior plans, with minor modifications as noted below. The principle behind the assessment methodology is that each property should contribute to the BID in proportion to the benefit derived from the BID. After consideration of other assessment methods, it was determined that assessed value of a property was the characteristic most directly related to the potential benefit provided by the BID. Therefore, a special assessment based on the

assessed value of each property was selected as the basic assessment method for this BID.

However, maintaining an equitable relationship between the BID assessment and the expected benefits requires an adjustment to the basic assessment method. To prevent the disproportional assessment of a small number of high value properties, a maximum assessment of \$6,000.00 per parcel will be applied to all properties. In addition, a per-owner cap will apply such that no single property owner will be assessed more than \$25,000 in the aggregate across all of the assessable parcels in the BID.

As of January 1, 2016, the assessable property in the District had a total value of over \$168,334,445.00 - (315 parcels). The assessment total for BID purposes is \$300,319 - (315 parcels). This plan proposes to assess the property in the District at a rate of \$3.00 per \$1,000.00 of assessed value, subject to the maximum assessment of \$6,000 per parcel and the aggregate maximum of \$25,000 per owner. Appendix B shows the projected BID assessment for each property included in the District.

EXCLUDED AND EXEMPTED PROPERTY

The BID law requires explicit consideration of certain classes of property.

1. The District will contain property used exclusively for manufacturing purposes, as well as properties used in part for manufacturing. These properties will be assessed according to the method set forth in this Plan because they also benefit from the activities of the District.
2. State Statute 66.1109(5) (a): Property known to be used exclusively for residential purposes may not be assessed by the District. Such properties will be identified as BID exempt properties in Appendix B, as revised each year.

There are several large residential buildings in the District in which ground floor retail or office space is provided. To prevent the disproportional assessment of such properties, this Plan provides for an adjustment to the assessment of "substantially residential property."

Real property, on which more than 66-2/3% of the square footage of the area of the building of such real property is used for residential purposes, is defined as "substantially residential property." The law authorizing the creation of BIDs states the intention that residential space is considered a residential, and not a commercial use. Therefore, the owner of any substantially residential property within the BID may certify to the BID Board the square footage of such real property used for residential and nonresidential purposes. The percentage of square footage used for nonresidential purposes, as compared to the total square footage of such building, multiplied by the assessed value for the entire value for the entire building on such real property, shall be the value of the real property used for multiplication against the BID assessment rate, subject to the \$6,000 per parcel and \$25,000 per owner caps. (There is no minimum assessment.) Calculation of floor area shall exclude basement area. Properties which received an adjusted assessment for 2016 shall be assessed for 2017 only on the

non-residential portion of the property as certified by the owner and accepted by the Board. These adjustments are reflected in the amounts shown in Appendix B.

3. Privately owned tax-exempt property adjoining the District and which is expected to benefit from District activities may be asked to make a financial contribution to the District on a voluntary basis.

FUTURE YEAR DEVELOPMENT AND OPERATING PLAN

Section 66.1109 (3) (a) of the BID law requires an annual review of the Operating Plan, but permits rather than requires revisions of the Plan. The Board interprets this wording as encouraging consistency in program and approach from year to year.

The Board expects to revise the Operating Plan each year to reflect changes in assessed values and costs, completion of specific programs, and changing development needs and opportunities. However, the Board intends each Plan to reflect the same purposes and objectives that provided the basis for the creation of the District. The BID Operating Plan will continue to apply the assessment formula, as adjusted, to raise funds to meet the next annual budget. However, the method of assessing shall not be materially altered, except with the consent of the City of Milwaukee. Approval by the Common Council of the Annual Operating Plan shall be conclusive evidence that the Plan has complied with Section 66.1109 Wisconsin Statutes.

While 2017 will reflect an expansion in the district's boundaries and annual income, the focus and basis of the BID will remain the same.

AMENDMENT, SEVERABILITY AND EXPANSION

This BID was created under authority of Section 66.608 (currently 66.1109) of the Statutes of the State of Wisconsin. Should any court find any portion of this Statute invalid or unconstitutional, its decision will not invalidate or terminate the BID and this BID Operating Plan shall be amended to conform to the law without need of reestablishment.

Should the legislature amend the Statute to narrow or broaden the process of a BID so as to exclude or include as assessable properties of a certain class or classes of properties, then this BID Operating Plan may be amended by the Common Council of the City of Milwaukee as and when it conducts its annual Operating Plan approval and without necessity to undertake any other act. This action is specifically authorized under Section 66.1109 (3) (b).

STAFF AND BOARD

BID OFFICERS

President: Rick Wiegand, Wiegand Enterprises/Ambassador Hotel

Vice President: Tony Coleman, WISN-TV

Secretary: resigned (no longer owner of property in the district)

Treasurer: Thomas Schmitt, CPA, Select Management

66.1109 Business improvement districts.

(1) In this section:

(a) "Board" means a business improvement district board appointed under sub. (3) (a).

(b) "Business improvement district" means an area within a municipality consisting of contiguous parcels and may include railroad rights-of-way, rivers, or highways continuously bounded by the parcels on at least one side, and shall include parcels that are contiguous to the district but that were not included in the original or amended boundaries of the district because the parcels were tax-exempt when the boundaries were determined and such parcels became taxable after the original or amended boundaries of the district were determined.

(c) "Chief executive officer" means a mayor, city manager, village president or town chairperson.

(d) "Local legislative body" means a common council, village board of trustees or town board of supervisors.

(e) "Municipality" means a city, village or town.

(f) "Operating plan" means a plan adopted or amended under this section for the development, redevelopment, maintenance, operation and promotion of a business improvement district, including all of the following:

1. The special assessment method applicable to the business improvement district.

1m. Whether real property used exclusively for manufacturing purposes will be specially assessed.

2. The kind, number and location of all proposed expenditures within the business improvement district.

3. A description of the methods of financing all estimated expenditures and the time when related costs will be incurred.

4. A description of how the creation of the business improvement district promotes the orderly development of the municipality, including its relationship to any municipal master plan.

5. A legal opinion that subds. 1. to 4. have been complied with.

(g) "Planning commission" means a plan commission under s. 62.23, or if none a board of public land commissioners, or if none a planning committee of the local legislative body.

(2) A municipality may create a business improvement district and adopt its operating plan if all of the following are met:

(a) An owner of real property used for commercial purposes and located in the proposed business improvement district designated under par. (b) has petitioned the municipality for creation of a business improvement district.

(b) The planning commission has designated a proposed business improvement district and adopted its proposed initial operating plan.

(c) At least 30 days before creation of the business improvement district and adoption of its initial operating plan by the municipality, the planning commission has held a public hearing on its proposed business improvement district and initial operating plan. Notice of the hearing shall be published as a class 2 notice under ch. 985. Before publication, a copy of the notice together with a copy of the proposed initial operating plan and a copy of a detail map showing the boundaries of the proposed business improvement district shall be sent by certified mail to all owners of real property within the proposed business improvement district. The notice shall state the boundaries of the proposed business improvement district and shall indicate that copies of the proposed initial operating plan are available from the planning commission on request.

(d) Within 30 days after the hearing under par. (c), the owners of property to be assessed under the proposed initial operating plan having a valuation equal to more than 40 percent of the valuation of all property to be assessed under the proposed initial operating plan, using the method of valuation specified in the proposed initial operating plan, or the owners of property to be assessed under the proposed initial operating plan having an assessed valuation equal to more than 40 percent of the assessed valuation of all property to be assessed under the proposed initial operating plan, have not filed a petition with the planning commission protesting the proposed business improvement district or its proposed initial operating plan.

(e) The local legislative body has voted to adopt the proposed initial operating plan for the municipality.

(3)

(a) The chief executive officer shall appoint members to a business improvement district board to implement the operating plan. Board members shall be confirmed by the local legislative body and shall serve staggered terms designated by the local legislative body. The board shall have at least 5 members. A majority of board members shall own or occupy real property in the business improvement district.

(b) The board shall annually consider and may make changes to the operating plan, which may include termination of the plan, for its business improvement district. The board shall then submit the operating plan to the local legislative body for its approval. If the local legislative body disapproves the operating plan, the board shall consider and may make changes to the operating

plan and may continue to resubmit the operating plan until local legislative body approval is obtained. Any change to the special assessment method applicable to the business improvement district shall be approved by the local legislative body.

(c) The board shall prepare and make available to the public annual reports describing the current status of the business improvement district, including expenditures and revenues. The report shall include an independent certified audit of the implementation of the operating plan obtained by the municipality. The municipality shall obtain an additional independent certified audit upon termination of the business improvement district.

(d) Either the board or the municipality, as specified in the operating plan as adopted, or amended and approved under this section, has all powers necessary or convenient to implement the operating plan, including the power to contract.

(4) All special assessments received from a business improvement district and all other appropriations by the municipality or other moneys received for the benefit of the business improvement district shall be placed in a segregated account in the municipal treasury. No disbursements from the account may be made except to reimburse the municipality for appropriations other than special assessments, to pay the costs of audits required under sub. (3) (c) or on order of the board for the purpose of implementing the operating plan. On termination of the business improvement district by the municipality, all moneys collected by special assessment remaining in the account shall be disbursed to the owners of specially assessed property in the business improvement district, in the same proportion as the last collected special assessment.

(4m) A municipality shall terminate a business improvement district if the owners of property assessed under the operating plan having a valuation equal to more than 50 percent of the valuation of all property assessed under the operating plan, using the method of valuation specified in the operating plan, or the owners of property assessed under the operating plan having an assessed valuation equal to more than 50 percent of the assessed valuation of all property assessed under the operating plan, file a petition with the planning commission requesting termination of the business improvement district, subject to all of the following conditions:

(a) A petition may not be filed under this subsection earlier than one year after the date the municipality first adopts the operating plan for the business improvement district.

(b) On and after the date a petition is filed under this subsection, neither the board nor the municipality may enter into any new obligations by contract or otherwise to implement the operating plan until the expiration of 30 days after the date of hearing under par. (c) and unless the business improvement district is not terminated under par. (e).

(c) Within 30 days after the filing of a petition under this subsection, the planning commission shall hold a public hearing on the proposed termination. Notice of the hearing shall be published as a class 2 notice under ch. 985. Before publication, a copy of the notice together with a copy of the operating plan and a copy of a detail map showing the boundaries of the business improvement district shall be sent by certified mail to all owners of real property within the business improvement district. The notice shall state the boundaries of the business improvement district and shall indicate that copies of the operating plan are available from the planning commission on request.

(d) Within 30 days after the date of hearing under par. (c), every owner of property assessed under the operating plan may send written notice to the planning commission indicating, if the owner signed a petition under this subsection, that the owner retracts the owner's request to terminate the business improvement district, or, if the owner did not sign the petition, that the owner requests termination of the business improvement district.

(e) If after the expiration of 30 days after the date of hearing under par. (c), by petition under this subsection or subsequent notification under par. (d), and after subtracting any retractions under par. (d), the owners of property assessed under the operating plan having a valuation equal to more than 50 percent of the valuation of all property assessed under the operating plan, using the method of valuation specified in the operating plan, or the owners of property assessed under the operating plan having an assessed valuation equal to more than 50 percent of the assessed valuation of all property assessed under the operating plan, have requested the termination of the business improvement district, the municipality shall terminate the business improvement district on the date that the obligation with the latest completion date entered into to implement the operating plan expires.

(5)

(a) Real property used exclusively for residential purposes and real property that is exempted from general property taxes under s. 70.11 may not be specially assessed for purposes of this section.

(b) A municipality may terminate a business improvement district at any time.

(c) This section does not limit the power of a municipality under other law to regulate the use of or specially assess real property.
