Absolutely. It was me.

I had been working with the inspector who was handling this particular situation during the work day and we anticipated them opening based on the previous experience with them.

I was having dinner in the area and drove by at approx. 830pm and saw people coming and going, hanging out inside, etc. The "Closure" placard was covered, the open sign was off, but was definitely fully operational.

Let me know if you need any other information, Jim.

Thank you,

Good Morning All,

Just following up on this that the operator chose to open last night without a license-unless the provisional was granted and I might just not be seeing it. One of our staff was driving by from dinner and said the facility was packed.

Thanks,

Hi Everyone,

LIRA is showing that Gordo's provisional is not granted yet, is that correct? If it has not been granted, we can verify that they are not operating while we have active closure orders for them.

Let us know.

This is all correct. We made the decision to close them due to no license. We had several issues with them last year as well operating without a license.

We will re-open them as soon as they have a valid FDL 😊

Please let us know if you have any further questions,

Hey,

Omar from Gordo's is requesting a provisional license so they can get a health department inspection. Could I get the short version of the story? I don't think Marina has any issue with signing off but want to make sure she has the facts. What I got is they've been without a license since 5/5 and they didn't get the notices because their mailbox was stolen?

He also asks if there is any way to get this today, aka, in the next 47 minutes. 46 minutes.
