Re: Proposed 1550 N. Prospect Avenue development

Dear Milwaukee Common Council Members:

On behalf of Nuvo Construction, I am contacting you to encourage you to support the proposed development at 1550 N. Prospect Avenue. As a locally operated Union concrete supplier, a project of this magnitude would result in an increase in hours for our employees and also employment opportunities within our company for the community. Additionally, as you are well aware, the project will be great for the City of Milwaukee. Not only will it increase the tax base, it will also enhance the skyline for our great city.

Furthermore, we have worked with Stevens Construction on several high profile projects over the years and we believe they are one of the top construction firms in the Milwaukee area. There is no doubt they will complete the project on time while preserving the historical integrity of the Goll Mansion.

For all of the reasons listed Nuvo Construction we ask that you support this great development.

Sincerely,

Nicholas Rivecca
