

**STATE/MUNICIPAL FINANCIAL
AGREEMENT FOR A STATE- LET
HIGHWAY PROJECT**

Date: November 22, 2024
I.D.: 2090-03-02/72
Road Name: Silver Spring Dr
Title: C MILWAUKEE, W SILVER SPRING DR
Limits: INTERSECTION WITH N 64TH ST
County: Milwaukee
Roadway Length: 0.01 Miles

The signatory **City of Milwaukee**, hereinafter called the Municipality, through its undersigned duly authorized officers or officials, hereby requests the State of Wisconsin Department of Transportation, hereinafter called the State, to initiate and affect the highway or street improvement hereinafter described.

The authority for the Municipality to enter into this agreement with the State is provided by Section 86.25(1), (2), and (3) of the Statutes.

NEEDS AND ESTIMATE SUMMARY:

Existing Facility - Describe and give reason for request: Safety Improvement

Proposed Improvement - Nature of work: Extend medians to provide pedestrian refuge on W Silver Spring Dr, reconstruction of all corners, 3 with smaller radii and new pedestrian ramps, realign the service exit west of the traffic signal and improve the sidewalk and bus stop access. Traffic signals will be replaced with monotube poles with reflective backplates over each lane. Flashing yellow arrows and accessible pedestrian signals will be installed and green left turn arrows will be added on W Silver Spring Dr. EVP equipment will be replaced. Signing will be upgraded to oversize street name signs. Left turn lanes will be added on N 64th St and stop bars and high visibility crosswalks added in each direction.

Describe non-participating work included in the project and other work necessary to finish the project completely which will be undertaken independently by the municipality: A nominal amount is included to cover items in paragraph 4 (to be adjusted in the final plan). Items to be 100% locally funded could include, but may not be limited to, adjustment of water service boxes, gate valves, and manholes; adjustment of sanitary sewer manholes, placing of new sanitary manhole seals and covers.

TERMS AND CONDITIONS:

1. The Municipality shall pay to the State all costs incurred by the State in connection with the improvement which exceeds federal/state financing commitments or are ineligible for federal/state financing. Local participation shall be limited to the items and percentages set forth in the Summary of Costs table, which shows Municipal funding participation. In order to guarantee the Municipality's foregoing agreements to pay the State, the Municipality, through its above duly authorized officers or officials, agrees and authorizes the State to set off and withhold the required reimbursement amount as determined by the State from General Transportation Aids or any moneys otherwise due and payable by the State to the Municipality.
2. Funding of each project phase is subject to inclusion in an approved program and per the State's Facility Development Manual (FDM) standards. Federal aid and/or state transportation fund financing will be limited to participation in the costs of the following items as specified in the Summary of Costs:
 - (a) Design engineering and state review services.
 - (b) The grading, base, pavement, curb and gutter, and structure costs to State standards, excluding the cost of parking areas.
 - (c) Storm sewer mains, culverts, laterals, manholes, inlets, catch basins, and connections for surface water drainage of the improvement; including replacement and/or adjustments of existing storm sewer manhole covers and inlet grates as needed.
 - (d) Construction engineering incidental to inspection and supervision of actual construction work, except for inspection, staking, and testing of sanitary sewer and water main.
 - (e) Signing and pavement marking necessitated for the safe and efficient flow of traffic, including detour routes.
 - (f) Replacement of existing sidewalks necessitated by construction and construction of new sidewalk at the time of construction. Sidewalk is considered to be new if it's constructed in a location where it has not existed before.
 - (g) Replacement of existing driveways, in kind, necessitated by the project.
 - (h) New installations or alteration resulting from roadway construction of standard State street lighting and traffic signals or devices. Alteration may include salvaging and replacement of existing components.
3. Work necessary to complete the improvement to be financed entirely by the Municipality or other utility or facility owner includes the following items:
 - (a) New installations of or alteration of sanitary sewers and connections, water, gas, electric, telephone, telegraph, fire or police alarm facilities, parking meters, and similar utilities.
 - (b) New installation or alteration of signs not necessary for the safe and efficient flow of traffic.
 - (c) Roadway and bridge width in excess of standards.
 - (d) Real Estate necessitated for the improvement.
 - (e) Compensable utility adjustment and railroad force work necessitated for the project.
 - (f) Construction inspection, staking, and material testing and acceptance for construction of sanitary sewer and water main.
 - (g) Provide complete plans, specifications, and estimates for sanitary sewer and water main work. The Municipality assumes full responsibility for the design, installation, inspection, testing, and operation of

the sanitary sewer and water system. This relieves the State and all of its employees from the liability for all suits, actions, or claims resulting from the sanitary sewer and water system construction.

- (h) Parking lane costs.
 - (g) Coordinate, clean up, and fund any hazardous materials encountered during construction. All hazardous material cleanup work shall be performed in accordance to state and federal regulations.
 - (h) Damages to abutting property due to change in street or sidewalk widths, grades, or drainage.
 - (i) Conditioning, if required, and maintenance of detour routes.
 - (j) Repair of damages to roads or streets caused by reason of their use in hauling materials incidental to the improvement.
- 4. As the work progresses, the Municipality will be billed for work completed which is not chargeable to federal/state funds. Upon completion of the project, a final audit will be made to determine the final division of costs.
 - 5. If the Municipality should withdraw the project, it shall reimburse the State for any costs incurred by the State in behalf of the project.
 - 6. The work will be administered by the State and may include items not eligible for federal/state participation.
 - 7. The Municipality shall, in cooperation with the State, assist with public relations for the project and announcements to the press and such outlets as would generally alert the affected property owners and the community of the nature, extent, and timing of the project and arrangements for handling traffic within and around the project.
 - 8. Basis for local participation as specified in Surface Transportation Program—(H.S.I.P.) Safety regulations: Participation is based on actual costs incurred; all costs listed in Table 1: Summary of Costs are approximate costs unless otherwise noted:
 - a. Funding for preliminary engineering: Design is funded with 90% Federal funding up to a maximum of \$225,000 when the Municipality agrees to provide the remaining 10% and any funds in excess of the federal funding maximum.
 - b. Funding for real estate required for standard roadway construction, 100% Municipal.
 - c. Funding for compensable utilities required for standard roadway construction, 100% Municipal.
 - d. Funding for construction: Construction is funded with 90% Federal funding up to a maximum of \$1,838,009 when the Municipality agrees to provide the remaining 10% and any funds in excess of the federal funding maximum.
 - e. Funding for non-participating items 100% Municipality.

Comments and Clarification: This agreement is an active agreement that may need to be amended as the project is designed. It is understood that these amendments may be needed as some issues have not been fully evaluated or resolved. The purpose of this agreement is to specify the local and state involvement in funding the project. A signed agreement is required before the State will prepare or participate in the preparation of detailed designs, acquire right-of-way, or participate in construction of a project that merits local involvement.
