..Analysis

This ordinance makes various revisions to the zoning code, including:

1. The terms “sit-down restaurant” and “fast-food/carry-out restaurant,” and their corresponding definitions, are removed and replaced by the terms “restaurant without drive-through facility” and “restaurant with drive-through facility.”
2. The use classifications of the 2 types of restaurants are revised in a number of zoning districts.
3. In most zoning districts where secondhand stores are classified as a limited use, the limited-use standard requiring that merchandise offered for sale be limited to clothing and books is eliminated.
4. Regulations for home occupations in downtown zoning districts are established.
5. A day care center in an institutional zoning district will no longer be required to be located in a building containing an elementary or secondary school, college, library, cultural institution or religious assembly as a principal use.
6. The code will specify, by means of cross-referencing, the appropriate design standards for redevelopment districts for which design standards are not specified or included in the respective redevelopment plans.

7. The current restrictions for certain uses in the street-level area are clarified with new definitions of “building street frontage,” “interior street frontage zone” and “street-activating use area.”

8. Consistency among the use classifications for retail, personal service and residential first-floor uses in the downtown zoning districts is established.

..Body

The Mayor and Common Council of the City of Milwaukee do ordain as follows:

Part 1. Section 295-201-151 of the code is renumbered 295-201-403 and amended to read:
