Hello, I am a resident of the Midtown Milwaukee area. I am writing in regard to the proposal, to build a computer data center at the Midtown Center property on N. 60th Street, just north of Capitol Drive.

If a data center is built at the old Midtown Center, working class Black and brown communities will be hit hardest with noise, air pollution, and higher energy bills.

Another data center in Milwaukee will only multiply the environmental and financial strain caused by big tech greed.

We are saying NO to being sold out to big tech. We saying NO TO DATA CENTERS!

Sincerely, Milwaukee Resident
