Subject: Emergency: Hearing on a Data Center at Midtown

Some people who received this message don't often get email from ethan.babin@gmail.com. [Learn why this is important](#)

My name is Ethan Babin and I'm a resident of Milwaukee.

The thought of a data center being built in our city greatly distresses me. The environmental impacts are atrocious, the gain is minimal, and the stress this would add to our already constrained water infrastructure is untenable.

Milwaukee should not become a cheap power outlet for corporations whose profits leave the city while the infrastructure burden stays here. If this project cannot stand on its own without secrecy, subsidies, or risk-shifting to residents, then it does not deserve approval.
