Leon Todd, Executive Director
Milwaukee Fire and Police Commission
200 East Wells Street, Room 705
Milwaukee, WI 53202

Dear Executive Director Todd,

At the Public Health and Safety meeting on March 31, 2023, Ald. Coggs asked you a question in relation to the Milwaukee Police Department's lack of an SOP for how police department staff should treat and handle individuals that are deceased or injured.

I am requesting that you please provide a response to the following questions:

- 1) How common is it for cities similar to Milwaukee *not* to have SOPs relating to how their police department staff should treat and handle individuals that are deceased or injured?
- 2) What policies/SOPs have other cities similar to Milwaukee put into place regarding how their police department staff should treat and handle individuals that are deceased or injured?
- 3) Have you asked the FPC to formulate an SOP pertaining to how staff on-scene are to handle those that are deceased or injured? If you have not yet asked them this, do you plan to do so in the future? (This question may be moot by the end of tomorrow.)

I appreciate your looking into the questions posed and look forward to receiving your response.

Sincerely,

Alderman Scott P. Spiker
