Site Plan showing location of project and adjoining structures and fences

**PLEASE NOTE: YOUR APPLICATION CANNOT BE PROCESSED UNLESS
BOTH PAGES OF THIS FORM ARE PROPERLY COMPLETED
AND SIGNED.**

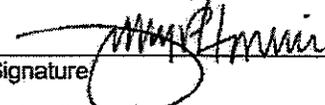

5. DESCRIPTION OF PROJECT:

Tell us what you want to do. Describe all proposed work including materials, design, and dimensions. Additional pages may be attached.

Our intention is to ultimately provide two new outdoor illuminated poster cases for the historic Avalon movie theater -ones that glorify the existing architecture while paying homage to both the aesthetics and principals of the atmospheric type movie theaters of the 1920's. Our objective is to achieve this by combining elements of the existing design with the use of modern materials and technological components. By using similar decorative and architectural elements, such poster cases would be truly beautiful while further resurrecting and conveying the impression of a fantastic and escapist environment.

Each poster case shall have the same dimensions as the previous ones had and which have been removed and are currently boarded over. Each poster case is to be 45" wide by 66" high by 5-3/8" deep (they are to be recessed to be flush with the facade as original). Construction will use extruded aluminum, with an anodized rich frosted gold metallic finish. The poster cases will feature small 5W clear chase bulbs with internal white LED illumination to backlight movie posters. The poster cases are sealed outdoor construction with a glass hinged, locking door.

6. SIGNATURE OF APPLICANT:

Signature _____

Jeffrey Hojnacki

Please print or type name

11/10/2014

Date 11/10/14
