After being one of the first owners in Cobblers Lofts and Shoeworks Condo projects, and now a homeowner near Buffum & Brown Streets, I've been waiting for 15 years to see something developed on all the empty, desolate parcels of land nearby. It's finally refreshing to see Royal Capital's proposals for our neighborhood. I also believe they are trying to accommodate the neighbors by proposing four story buildings compared to Tandem Developer's original six story building on Reservoir & Hubbard. Let's get this neighborhood moving ahead finally.
