On July 5, 2007 at approximately 1:55 a.m. I with a passenger was pulled over because my car backfired due to a mechanical defect. I was surrounded by gunpoint and then we both were handcuffed and put in a squad car.

At this time an officer with a shotgun and flashlight went to the opened drive side door and checked the vehicle.

They proceeded to open the back hatch forcing it pass its mechanical limitations, thus fore causing major damage to the roof of the car frame.

This was excessive force.

You can see the whole interior of the car from any door that is open.

There was no cause for the matter of how they searched the car.

They did not find anything upon their search, I would expect to be treated like this in third world country.

The damage EST of \$1,929.89 Phone # 414-~~238-8900~~ Jason K Craig
