I Ricky Bryant am appealing of this discussion toward the damage on my Chevy Tahoe, I am Buying my home at 916 S Milwaukee 21<sup>st</sup>, and a Tax payer. The discussion made was unfair and not right, on July 21 two of your Department of Public works truck came out (recycling and other regular garbage back to back, Question est was there paint can throwed in our recycling disposal, so I check the area block were I live for paint in the recycling can none on our block, for 9 yrs i've seen the trucks come out and watch what they do it happen many of times they open the lid and if the right material is not properly in the can they don't or want take toll you to separate the recycle + trash paint was spilled out of the recycle Truck and paint came out underneath the Truck garbage Tub, a generalius amount which everyone could see, even the Sanitation workers, splashed all over my Truck and the Neighbor Car, when the Truck took off at 21<sup>st</sup> area, Department of Public works was called, they or star came out, and did her report her name was Shelly Kane, Driver Training instructor, she stated than if you go get a estimate on how many time you wish to get the paint off the body + Taxes the city will pay you for what you spend to get off, just send in the receipts or estimate Damage of our Vehicle's I did a payed out of my Pocket for the repair of my Vehicle

2200 on the body shop on 23<sup>rd</sup> National Ave, Glasgow  
this did not include the price on the tires & rims. This didn't  
happen on the Block were we live or I live it occurred  
some where else. But we caught the bid end, yes I think  
the city should reimburse me my funds because if we  
leave our garbage can out there before the pick up date  
we can be charge for that, if we park on the wrong  
side even with a parking permit, we pay. if our grass  
is not cut at a certain length, we are fined, if the  
snow is not shoveled on the sidewalk we are receiving a  
citation and fine, if garbage is all over the yard on  
ground we are cited and citation with a fine, if there's  
garbage on the wall of our property even we didn't  
do it we have a certain time to clean it up or will be  
cited a citation with a fine, it goes on and on for  
what not our fault we will pay, and so should the  
city for a Department innocent. It took the city so  
long to tell us that they wouldn't pay for this after  
money came out of my pocket and there was no fault  
of mine. I think I should be reburs for the  
money I spent of my hard earn money. I use to  
work for the city in Tennessee and I  
worked on the garbage trucks as well. We also  
on this block follow the rules toward our  
recycled containers
