April 19, 2001

To the Public Improvements Committee

Dear Honorable Members:

The Milwaukee Metropolitan Sewerage (MMSD) is in the process of improving their central Metropolitan Intercepting Sewer (MIS) system. They have identified a City of Milwaukee combined sewer in West Bruce Street and its extension (from West Reynolds Place to a point 674± feet west of West Reynolds Place) as undersized and in need of replacement. MMSD is willing to relay the sewer at the District's own expense. We have prepared the attached substitute resolution authorizing the Commissioner of Public Works to execute an Intergovernmental Cooperation Agreement with the Milwaukee Metropolitan Sewerage District allowing MMSD to relay this City of Milwaukee combined sewer.

We recommend adoption of the attached resolution.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

Mariano A. Schifalacqua, P.E.
Commissioner of Public Works
